

 @astro\_reid

1  
00:00:10,629 --> 00:00:08,310  
hello i'm brandon from phoenix arizona

2  
00:00:13,509 --> 00:00:10,639  
also known by my amateur radio call sign

3  
00:00:15,749 --> 00:00:13,519  
kf7 rio my question is what do you think

4  
00:00:17,830 --> 00:00:15,759  
about the amateur radio on the iss

5  
00:00:19,349 --> 00:00:17,840  
program i think it's a great program for

6  
00:00:22,150 --> 00:00:19,359  
young students to learn about amateur

7  
00:00:24,310 --> 00:00:22,160  
radio and space thank you

8  
00:00:26,470 --> 00:00:24,320  
oh i think it is a great a great system

9  
00:00:28,070 --> 00:00:26,480  
so if i just floated back that way and

10  
00:00:29,269 --> 00:00:28,080  
then made a right turn that's where we

11  
00:00:31,109 --> 00:00:29,279  
have our

12  
00:00:32,549 --> 00:00:31,119  
our amateur radio system over in the

13  
00:00:33,990 --> 00:00:32,559

european segment

14

00:00:35,990 --> 00:00:34,000

and let me just tell you about my first

15

00:00:37,350 --> 00:00:36,000

experience with that in space i got an

16

00:00:39,430 --> 00:00:37,360

email that there was going to be a field

17

00:00:40,709 --> 00:00:39,440

day over the united states and they said

18

00:00:42,150 --> 00:00:40,719

hey if you want to try to make contact

19

00:00:44,470 --> 00:00:42,160

from space this would be a great first

20

00:00:46,150 --> 00:00:44,480

way to make contact so it was a saturday

21

00:00:48,229 --> 00:00:46,160

afternoon i went down to the columbus

22

00:00:51,110 --> 00:00:48,239

module i powered up the ham radio and i

23

00:00:53,189 --> 00:00:51,120

made one call as we went over california

24

00:00:54,470 --> 00:00:53,199

and for the next 15 to 20 minutes i

25

00:00:56,069 --> 00:00:54,480

couldn't get another call out because

26  
00:00:58,549 --> 00:00:56,079  
there was just hundreds and hundreds and

27  
00:01:00,790 --> 00:00:58,559  
hundreds of of amateur radio folks

28  
00:01:02,229 --> 00:01:00,800  
calling up to me and it was great it was

29  
00:01:04,549 --> 00:01:02,239  
so much fun that i went back and did it

30  
00:01:06,469 --> 00:01:04,559  
a few more times and and now i do it

31  
00:01:08,070 --> 00:01:06,479  
about once a week so i think ham radio

32  
00:01:09,590 --> 00:01:08,080  
is great it's a great way for kids to

33  
00:01:11,910 --> 00:01:09,600  
learn about
