00:00:10,950 --> 00:00:08,470
hi my name is manuel i'm from illinois

2
00:00:12,549 --> 00:00:10,960
and my question for you is what was the

3
00:00:14,910 --> 00:00:12,559
scariest thing that happened to you when

4
00:00:17,109 --> 00:00:14,920
you were in

5
00:00:18,950 --> 00:00:17,119
space what's the scariest thing that's

6
00:00:21,590 --> 00:00:18,960
happened to me in space

7
00:00:23,269 --> 00:00:21,600
i gotta be honest on this answer uh i

8
00:00:25,589 --> 00:00:23,279
think about a month ago when i heard

9
00:00:27,910 --> 00:00:25,599
that i was going to do a spacewalk with

10
00:00:29,669 --> 00:00:27,920
my crewmate alex that was probably the

11
00:00:31,429 --> 00:00:29,679
scariest day for me up here i've never

12
00:00:33,510 --> 00:00:31,439
done one i'm a little bit scared of

13
00:00:35,110 --> 00:00:33,520

heights and when i thought about going

14

00:00:37,910 --> 00:00:35,120

out that hatch i had no idea how would i

15

00:00:39,830 --> 00:00:37,920

react would i freeze up would i do well

16

00:00:41,350 --> 00:00:39,840

would i make some mistakes but i can

17

00:00:43,350 --> 00:00:41,360

tell you we're really well trained for

18

00:00:44,790 --> 00:00:43,360

that and so all my fears were almost

19

00:00:46,150 --> 00:00:44,800

pointless as soon as we got in the

20

00:00:48,549 --> 00:00:46,160

airlock and opened the hatch to go

21

00:00:50,470 --> 00:00:48,559

outside training took over and we just

22

00:00:51,910 --> 00:00:50,480

had the most fun you could pause that

23

00:00:53,590 --> 00:00:51,920

was the greatest experience of my life
