

1  
00:00:05,749 --> 00:00:03,350  
hello i'm nasa astronaut mike fink and

2  
00:00:07,030 --> 00:00:05,759  
i'm european space agency astronaut luca

3  
00:00:08,470 --> 00:00:07,040  
parmitano

4  
00:00:11,430 --> 00:00:08,480  
we were very saddened to hear of the

5  
00:00:13,910 --> 00:00:11,440  
passing of the actor leonard nimoy

6  
00:00:16,230 --> 00:00:13,920  
leonard's character mr spock inspired

7  
00:00:18,150 --> 00:00:16,240  
generations of nasa scientists and

8  
00:00:20,630 --> 00:00:18,160  
engineers as well as engineers

9  
00:00:21,590 --> 00:00:20,640  
scientists and star trek fans across the

10  
00:00:23,590 --> 00:00:21,600  
planet

11  
00:00:26,790 --> 00:00:23,600  
and as we at nasa along with our

12  
00:00:28,790 --> 00:00:26,800  
international partners explore the moon

13  
00:00:31,990 --> 00:00:28,800

mars and beyond

14

00:00:33,670 --> 00:00:32,000

we'll take the spirit of and energy that

15

00:00:36,069 --> 00:00:33,680

leonard brought to his character mr

16

00:00:38,229 --> 00:00:36,079

spock along with us

17

00:00:40,389 --> 00:00:38,239

live long and prosper

18

00:00:42,389 --> 00:00:40,399

the message of star trek is one of

19

00:00:45,430 --> 00:00:42,399

cooperation and integration

20

00:00:47,830 --> 00:00:45,440

mr spock a volcanion from a different

21

00:00:50,069 --> 00:00:47,840

planet was fully integrated in a screw

22

00:00:51,910 --> 00:00:50,079

of humans and non-humans we at the

23

00:00:54,150 --> 00:00:51,920

european space agency believe in that

24

00:00:56,310 --> 00:00:54,160

message and working with our

25

00:00:58,549 --> 00:00:56,320

international partners we will take that

26

00:01:00,069 --> 00:00:58,559

message with us as we go beyond to
