good morning good morning good to see

00:00:44,229 --> 00:00:36,069
let's go

5
00:00:49,990 --> 00:00:46,310
hello

6
00:00:50,000 --> 00:00:55,590
hey congratulations thank you

7
00:01:30,230 --> 00:00:57,189
thank you very much

8
00:01:33,830 --> 00:01:32,069
we would like to take photographs yes

9
00:01:50,870 --> 00:01:33,840
and we would like to ask you a couple of

10
00:01:50,880 --> 00:01:56,069
that's it thank you thank you so much

11
00:01:56,079 --> 00:02:03,350
attention please cheese

12
00:02:03,360 --> 00:02:10,469
thank you very much

13
00:02:10,479 --> 00:02:22,309

yes you can fit in here

14

00:02:26,390 --> 00:02:24,550

can you please answer what kind of work

15

00:02:28,949 --> 00:02:26,400

you will be performing at baikonur as

16

00:02:30,470 --> 00:02:28,959

usual our traditional activities at

17

00:02:32,390 --> 00:02:30,480

baikonur will be preparing for the

18

00:02:37,350 --> 00:02:32,400

flight

19

00:02:44,470 --> 00:02:40,790

uh no it won't take a lot of time and

20

00:02:52,309 --> 00:02:48,470

and i was jumping with parachute

21

00:02:53,589 --> 00:02:52,319

on the 13th so everything is fine

22

00:03:01,270 --> 00:02:53,599

we are

23

00:03:06,070 --> 00:03:03,190

so what are your objectives for this

24

00:03:10,070 --> 00:03:06,080

flight it's really hard to

25

00:03:10,869 --> 00:03:10,080

explain all the objectives in brief here

26

00:03:13,190 --> 00:03:10,879

but

27

00:03:15,430 --> 00:03:13,200

mostly we will be

28

00:03:17,589 --> 00:03:15,440

devoting our time to performing

29

00:03:19,990 --> 00:03:17,599

scientific program

30

00:03:20,790 --> 00:03:20,000

and we will be performing experiments

31

00:03:24,149 --> 00:03:20,800

and

32

00:03:27,270 --> 00:03:24,159

my colleagues will help me with that

33

00:03:29,830 --> 00:03:27,280

so are you having

34

00:03:30,830 --> 00:03:29,840

a good crew yes absolutely we're having

35

00:03:35,509 --> 00:03:30,840

a great

36

00:03:37,589 --> 00:03:35,519

crew and we also met the

37

00:03:40,869 --> 00:03:37,599

cosmonauts and astronauts who

38

00:03:42,390 --> 00:03:40,879

returned recently and we talked to them

39

00:03:45,110 --> 00:03:42,400

the station is in great shape thank you

40

00:03:47,589 --> 00:03:45,120

very much once again can you repeat your

41

00:03:48,630 --> 00:03:47,599

question please once again

42

00:03:51,750 --> 00:03:48,640

so

43

00:03:54,710 --> 00:03:51,760

are you missing space did you miss space

44

00:04:03,670 --> 00:03:54,720

since your last flight yes of course it

45

00:04:08,630 --> 00:04:06,550

your wives should stay here oh no they

46

00:04:09,910 --> 00:04:08,640

are going with you yes they are going

47

00:04:14,149 --> 00:04:09,920

with you

48

00:04:19,670 --> 00:04:17,270

this is just a rehearsal

49

00:04:33,670 --> 00:04:19,680

all right bye bye

50

00:04:37,749 --> 00:04:35,909

everything will be great i can assure

51

00:04:40,070 --> 00:04:37,759

you

52

00:04:43,350 --> 00:04:40,080

light surgeons only flight surgeons can

53

00:04:48,390 --> 00:04:43,360

go inside the bus
