LAUNCH AMERICA

#LaunchAmerica

1  
00:00:18,550 --> 00:00:16,390  
we've come to this program with

2  
00:00:20,070 --> 00:00:18,560  
different backgrounds and different

3  
00:00:22,470 --> 00:00:20,080  
experiences

4  
00:00:24,870 --> 00:00:22,480  
we have a chance to build upon a new

5  
00:00:26,710 --> 00:00:24,880  
launch capability for america

6  
00:00:28,310 --> 00:00:26,720  
we're part of a partnership and part of

7  
00:00:30,070 --> 00:00:28,320  
the partnership is to have different

8  
00:00:32,310 --> 00:00:30,080  
abilities and so the united states

9  
00:00:33,590 --> 00:00:32,320  
having access is extremely important to

10  
00:00:35,270 --> 00:00:33,600  
the effort

11  
00:00:37,350 --> 00:00:35,280  
one of the things that really gave us

12  
00:00:39,110 --> 00:00:37,360  
the opportunity to to be ready for this

13  
00:00:40,709 --> 00:00:39,120

is all those systems on the space

14

00:00:42,229 --> 00:00:40,719

station are on the space shuttle that we

15

00:00:44,150 --> 00:00:42,239

had to learn in order to be prepared for

16

00:00:46,310 --> 00:00:44,160

a space flight so it really has set us

17

00:00:55,270 --> 00:00:46,320

up for a mindset of learning new things

18

00:00:59,910 --> 00:00:57,350

we have a huge team here at nasa as well

19

00:01:01,670 --> 00:00:59,920

as the great teams at spacex and boeing

20

00:01:04,549 --> 00:01:01,680

that we'll work with to try to make this

21

00:01:05,990 --> 00:01:04,559

vehicle as safe as possible

22

00:01:07,990 --> 00:01:06,000

building that partnership that

23

00:01:09,510 --> 00:01:08,000

relationship where we are

24

00:01:11,270 --> 00:01:09,520

shoulder to shoulder with these

25

00:01:12,469 --> 00:01:11,280

companies as they build this vehicle is

26

00:01:14,310 --> 00:01:12,479

really going to be how we're

27

00:01:15,670 --> 00:01:14,320

instrumental in making sure the vehicles

28

00:01:17,590 --> 00:01:15,680

are ready for the first flights when the

29

00:01:19,190 --> 00:01:17,600

time comes

30

00:01:21,830 --> 00:01:19,200

i'm honored to get the opportunity to

31

00:01:23,670 --> 00:01:21,840

participate with this new group and to

32

00:01:26,630 --> 00:01:23,680

work with the team to get us onto this

33

00:01:29,030 --> 00:01:26,640

next era in space flight

34

00:01:31,590 --> 00:01:29,040

i remember when i launched from kennedy

35

00:01:33,670 --> 00:01:31,600

the first time on a us space shuttle and

36

00:01:35,510 --> 00:01:33,680

it was pretty amazing so i can only

37

00:01:38,390 --> 00:01:35,520

imagine what it's going to be like after

38

00:01:40,390 --> 00:01:38,400

this long period of time to get back on

39

00:01:42,630 --> 00:01:40,400

a spacecraft at kennedy

40

00:01:44,310 --> 00:01:42,640

and have all family and friends and

41

00:01:45,670 --> 00:01:44,320

people from all over the country

42

00:01:48,149 --> 00:01:45,680

watching that's going to be pretty

43

00:01:50,310 --> 00:01:48,159

special and so bringing back home will
