

My other vehicle is
on its way to Pluto

1
00:00:05,190 --> 00:00:02,710
hi

2
00:00:07,909 --> 00:00:05,200
i'm astronaut scott kelly aboard the

3
00:00:09,750 --> 00:00:07,919
international space station

4
00:00:12,390 --> 00:00:09,760
as you know nasa is all about

5
00:00:15,270 --> 00:00:12,400
exploration and discovery

6
00:00:17,910 --> 00:00:15,280
whether it is here on the iss close to

7
00:00:20,310 --> 00:00:17,920
earth are now billions of miles away of

8
00:00:24,390 --> 00:00:20,320
pluto and the far edge of the solar

9
00:00:27,429 --> 00:00:24,400
system known as the kuiper belt

10
00:00:30,470 --> 00:00:27,439
until now pluto has remained a mystery

11
00:00:32,549 --> 00:00:30,480
the last unexplored major body in our

12
00:00:35,590 --> 00:00:32,559
solar system

13
00:00:37,910 --> 00:00:35,600

but that's all about to change

14

00:00:41,110 --> 00:00:37,920

the new horizons spacecraft is making

15

00:00:44,869 --> 00:00:41,120

history after a nine-year journey as it

16

00:00:46,869 --> 00:00:44,879

encounters pluto and its system of moons

17

00:00:49,830 --> 00:00:46,879

i'm excited to see the first close-up

18

00:00:52,709 --> 00:00:49,840

images of this dwarf planet and to see

19

00:00:54,869 --> 00:00:52,719

nasa complete the initial reconnaissance

20

00:00:56,630 --> 00:00:54,879

of the distant reaches of our solar

21

00:00:58,709 --> 00:00:56,640

system

22

00:01:01,750 --> 00:00:58,719

so from the international space station

23

00:01:04,469 --> 00:01:01,760

i'm sending my heartfelt best wishes

24

00:01:05,750 --> 00:01:04,479

and congratulations to the new horizons

25

00:01:08,149 --> 00:01:05,760

team

26

00:01:09,670 --> 00:01:08,159

just like me all of us at nasa can
