00:00:31,900 --> 00:00:17,810  
my whole life is in and in flight, be a

2  
00:00:36,770 --> 00:00:34,090  
I honestly say a person who does not often

3  
00:00:40,330 --> 00:00:36,780  
look into his past,

4  
00:00:43,480 --> 00:00:40,340  
I live in the present a little bit in the future,

5  
00:00:44,950 --> 00:00:43,490  
but sometimes I analyze those steps, those

00:00:48,760 --> 00:00:44,960  
actions that I did in life, I

00:00:53,040 --> 00:00:48,770

like Korolev, that is, to

10  
00:01:01,170 --> 00:00:57,850  
design and fly

11  
00:01:02,940 --> 00:01:01,180  
your own spaceship yourself, but the realities of

12  
00:01:04,469 --> 00:01:02,950  
life are something rather difficult

13  
00:01:06,120 --> 00:01:04,479

to combine, therefore you need to either be an

outstanding engineer, an outstanding
