

1
00:00:06,869 --> 00:00:04,870
when people see the amazing

2
00:00:08,790 --> 00:00:06,879
accomplishments of human space flight

3
00:00:10,950 --> 00:00:08,800
it's often the astronauts who get the

4
00:00:13,110 --> 00:00:10,960
credit we are the most visible people in

5
00:00:15,270 --> 00:00:13,120
the space program but i can tell you

6
00:00:17,029 --> 00:00:15,280
from experience it's not the astronauts

7
00:00:19,269 --> 00:00:17,039
alone who make it happen

8
00:00:21,189 --> 00:00:19,279
we are an extension of the many people

9
00:00:23,750 --> 00:00:21,199
behind the scenes of a mission the

10
00:00:25,830 --> 00:00:23,760
people who train astronauts who create

11
00:00:28,310 --> 00:00:25,840
technology and who figure out the

12
00:00:30,230 --> 00:00:28,320
procedures of space flight

13
00:00:32,709 --> 00:00:30,240

it takes a village to make a space

14

00:00:34,709 --> 00:00:32,719

mission a nasa village

15

00:00:36,549 --> 00:00:34,719

the nasa village is composed of many

16

00:00:40,549 --> 00:00:36,559

talented individuals who bring their

17

00:00:41,910 --> 00:00:40,559

intelligence skill creativity innovation

18

00:00:44,310 --> 00:00:41,920

and dedication

19

00:00:45,510 --> 00:00:44,320

all to focus on one goal human

20

00:00:47,830 --> 00:00:45,520

spaceflight

21

00:00:49,590 --> 00:00:47,840

it is the person who gets a spacesuit

22

00:00:51,189 --> 00:00:49,600

ready for a spacewalk

23

00:00:53,590 --> 00:00:51,199

and the one who figures out how

24

00:00:55,670 --> 00:00:53,600

astronauts will fix their spacecraft and

25

00:00:57,910 --> 00:00:55,680

it's the person who trains astronauts to

26
00:00:59,750 --> 00:00:57,920
perform a new science experiment and

27
00:01:01,270 --> 00:00:59,760
someone in mission control who spends

28
00:01:02,630 --> 00:01:01,280
their night watching over the ship and

29
00:01:04,149 --> 00:01:02,640
the crew

30
00:01:06,310 --> 00:01:04,159
and now the nasa village will be

31
00:01:07,510 --> 00:01:06,320
available to you as i train for my

32
00:01:09,350 --> 00:01:07,520
upcoming space flight to the

33
00:01:12,390 --> 00:01:09,360
international space station i will be

34
00:01:14,230 --> 00:01:12,400
posting updates on social media i invite

35
00:01:16,390 --> 00:01:14,240
you to join in the journey and

36
00:01:18,149 --> 00:01:16,400
participate you'll not only find the

37
00:01:20,630 --> 00:01:18,159
personal stories of the people behind my

38
00:01:22,870 --> 00:01:20,640

mission but nasa village will be your

39

00:01:24,710 --> 00:01:22,880

connection to ask questions make

40

00:01:26,950 --> 00:01:24,720

comments and exchange knowledge and

41

00:01:29,350 --> 00:01:26,960

ideas about the space program

42

00:01:32,310 --> 00:01:29,360

it's your opportunity to discuss what's

43

00:01:34,230 --> 00:01:32,320

going on now in space and learn about

44

00:01:35,350 --> 00:01:34,240

the exciting journeys that await us in

45

00:01:37,030 --> 00:01:35,360

the future

46

00:01:39,109 --> 00:01:37,040

at nasa village
