

ESPACIO A TIERRA

1
00:00:06,499 --> 00:00:05,000
welcome to space to earth

2
00:00:08,419 --> 00:00:06,509
celebrating hispanic heritage month i

3
00:00:12,740 --> 00:00:08,429
invite you aboard the

4
00:00:14,360 --> 00:00:12,750
space station i am al materia ni tapia despite

5
00:00:16,580 --> 00:00:14,370
being in space

6
00:00:19,460 --> 00:00:16,590
scott kelly is getting ready for

7
00:00:22,249 --> 00:00:19,470
flu season the crew member of

8
00:00:24,349 --> 00:00:22,259
a mission year he vaccinated himself

9
00:00:27,620 --> 00:00:24,359
and here he took part in an

10
00:00:29,479 --> 00:00:27,630
immune system study in space marc the

11
00:00:31,909 --> 00:00:29,489
escape twin brother is getting

12
00:00:33,560 --> 00:00:31,919
vaccinated here on earth allowing

13
00:00:35,060 --> 00:00:33,570

scientists to compare their

14

00:00:37,430 --> 00:00:35,070

individual reactions

15

00:00:40,520 --> 00:00:37,440

researchers harnessing the

16

00:00:43,070 --> 00:00:40,530

twins to take a step important in

17

00:00:45,190 --> 00:00:43,080

resolving issues of a weakened immune system

18

00:00:48,320 --> 00:00:45,200

while in microgravity

19

00:00:51,290 --> 00:00:48,330

which could cause serious problems

20

00:00:54,530 --> 00:00:51,300

for astronauts during missions into

21

00:00:56,960 --> 00:00:54,540

outer space this weekend was

22

00:00:59,530 --> 00:00:56,970

cool movie night on the

23

00:01:02,720 --> 00:00:59,540

space station the expedition

24

00:01:05,419 --> 00:01:02,730

45 crew saw a preview of what could be

25

00:01:05,920 --> 00:01:05,429

a trip to mars in the space premiere

26

00:01:08,830 --> 00:01:05,930

of the the

27

00:01:11,110 --> 00:01:08,840

margin movie with real trips

28

00:01:13,630 --> 00:01:11,120

to the red planet in the not too

29

00:01:16,870 --> 00:01:13,640

distant future it is important to test all the

30

00:01:20,560 --> 00:01:16,880

necessary systems visit nasa.gov

31

00:01:23,830 --> 00:01:20,570

diagonal and ss script science to

32

00:01:26,050 --> 00:01:23,840

learn more including the 10 ways

33

00:01:28,690 --> 00:01:26,060

the space station helps us

34

00:01:31,240 --> 00:01:28,700

get to mars this week's question

35

00:01:33,580 --> 00:01:31,250

is for scott kelly and it comes from

36

00:01:36,640 --> 00:01:33,590

fellow astronaut doctor jeff beck

37

00:01:38,590 --> 00:01:36,650

rather from actor sebastian stan who

38

00:01:47,880 --> 00:01:38,600

plays doctor gray seen in the

39

00:01:47,890 --> 00:02:09,090

waters

40

00:02:13,250 --> 00:02:10,580

10

41

00:02:14,960 --> 00:02:13,260

this is all for this week keep

42

00:02:17,990 --> 00:02:14,970

sending us your questions and comments
