

1  
00:00:11,270 --> 00:00:08,790  
man in his quest for knowledge and

2  
00:00:12,470 --> 00:00:11,280  
progress is determined and cannot be

3  
00:00:14,950 --> 00:00:12,480  
deterred

4  
00:00:17,029 --> 00:00:14,960  
the eyes of the world

5  
00:00:18,550 --> 00:00:17,039  
now look into space

6  
00:00:20,550 --> 00:00:18,560  
to the moon

7  
00:00:23,590 --> 00:00:20,560  
and to the planets beyond

8  
00:00:25,750 --> 00:00:23,600  
the exploration of space will go ahead

9  
00:00:27,029 --> 00:00:25,760  
and it is one of the great adventures of

10  
00:00:29,509 --> 00:00:27,039  
all time

11  
00:00:32,150 --> 00:00:29,519  
there is new knowledge to be gained and

12  
00:00:34,790 --> 00:00:32,160  
new rights to be won and they must be

13  
00:00:35,670 --> 00:00:34,800

won and used for the progress of all

14

00:00:38,310 --> 00:00:35,680

people

15

00:00:40,549 --> 00:00:38,320

space can be explored and mastered

16

00:00:44,790 --> 00:00:40,559

without repeating the mistakes that man

17

00:00:47,590 --> 00:00:44,800

has made around this globe of ours

18

00:00:50,229 --> 00:00:47,600

those who came before us made certain

19

00:00:52,549 --> 00:00:50,239

that this country rove the first waves

20

00:00:54,470 --> 00:00:52,559

of the industrial revolution the first

21

00:00:57,830 --> 00:00:54,480

waves of modern invention

22

00:01:00,470 --> 00:00:57,840

and the first wave of nuclear

23

00:01:03,349 --> 00:01:00,480

can we help decide whether this new

24

00:01:07,670 --> 00:01:03,359

ocean will be a sea of peace

25

00:01:10,070 --> 00:01:07,680

or a new terrifying theater of war

26  
00:01:12,950 --> 00:01:10,080  
the united states was not built by those

27  
00:01:16,230 --> 00:01:12,960  
who waited and rested this country does

28  
00:01:18,710 --> 00:01:16,240  
not intend the founder in the backwash

29  
00:01:19,749 --> 00:01:18,720  
of the coming age of space we mean the

30  
00:01:29,109 --> 00:01:19,759  
leader

31  
00:01:29,119 --> 00:01:44,710  
liftoff we have a liftoff

32  
00:01:49,109 --> 00:01:46,950  
we choose to go to the moon in this

33  
00:01:51,670 --> 00:01:49,119  
decade and do the other thing

34  
00:01:54,149 --> 00:01:51,680  
not because they are easy but because

35  
00:01:56,709 --> 00:01:54,159  
they are hard because that goal will

36  
00:01:59,270 --> 00:01:56,719  
serve to organize and measure the best

37  
00:02:01,270 --> 00:01:59,280  
of our energies and skills because that

38  
00:02:04,230 --> 00:02:01,280

challenge is one that we're willing to

39

00:02:09,350 --> 00:02:04,240

accept one we are unwilling to postpone

40

00:02:09,360 --> 00:02:13,910

that's one small step for man

41

00:02:17,910 --> 00:02:15,030

one

42

00:02:22,470 --> 00:02:20,710

and therefore as we set sail

43

00:02:23,990 --> 00:02:22,480

we ask god's blessing

44

00:02:25,270 --> 00:02:24,000

on the most hazardous

45

00:02:27,510 --> 00:02:25,280

and dangerous

46

00:02:29,350 --> 00:02:27,520

and greatest adventure on which man has

47

00:02:42,949 --> 00:02:29,360

ever embarked

48

00:02:46,790 --> 00:02:44,630

good luck

49

00:02:55,830 --> 00:02:46,800

and god bless all of you

50

00:02:58,949 --> 00:02:57,509

all right rick thanks for all that data
