

1
00:00:04,630 --> 00:00:02,230
you know we spent uh over two years

2
00:00:06,389 --> 00:00:04,640
getting ready for this mission and uh

3
00:00:08,390 --> 00:00:06,399
it's both a sense of excitement and

4
00:00:10,790 --> 00:00:08,400
relief when you finish all of the exams

5
00:00:12,390 --> 00:00:10,800
and the commission here in russia it's a

6
00:00:14,470 --> 00:00:12,400
it's a very high bar for training they

7
00:00:16,630 --> 00:00:14,480
expect a lot of the cosmonauts and the

8
00:00:18,630 --> 00:00:16,640
astronauts for us to go to space so

9
00:00:21,349 --> 00:00:18,640
we're just really excited and today has

10
00:00:23,670 --> 00:00:21,359
really been a day of ceremony and uh

11
00:00:25,429 --> 00:00:23,680
it's uh both to celebrate the fact that

12
00:00:27,109 --> 00:00:25,439
we have this human space flight program

13
00:00:29,189 --> 00:00:27,119

but for me also i think it's very

14

00:00:30,870 --> 00:00:29,199

special that we have such a positive

15

00:00:32,870 --> 00:00:30,880

international cooperation with all of

16

00:00:50,470 --> 00:00:32,880

our partners and so i'm just really

17

00:00:50,480 --> 00:01:15,910

surprised

18

00:01:57,030 --> 00:01:38,950

okay

19

00:01:57,040 --> 00:02:20,630

so

20

00:02:20,640 --> 00:02:43,190

shut up

21

00:02:43,200 --> 00:03:18,070

yes

22

00:03:21,670 --> 00:03:19,910

i'm really excited you know it's the

23

00:03:23,750 --> 00:03:21,680

culmination of two and a half years of

24

00:03:26,470 --> 00:03:23,760

assigned crew training everything for me

25

00:03:28,390 --> 00:03:26,480

has been a new experience um uh and so

26

00:03:30,470 --> 00:03:28,400

going down to biker baikonur now as
