

1
00:00:05,749 --> 00:00:03,270
a good view of the approaching soyuz

2
00:00:07,349 --> 00:00:05,759
craft the middle section is the descent

3
00:00:09,589 --> 00:00:07,359
module that's where the three crew

4
00:00:11,190 --> 00:00:09,599
members are strapped in anatoly

5
00:00:12,709 --> 00:00:11,200
ivanishin

6
00:00:15,910 --> 00:00:12,719
in the center seat is the soyuz

7
00:00:18,790 --> 00:00:15,920
commander watching his control panel

8
00:00:21,510 --> 00:00:18,800
flanked to his left by takoya onishi and

9
00:00:23,750 --> 00:00:21,520
on his right nasa's kate rubens

10
00:00:26,150 --> 00:00:23,760
as of the soyuz begins to close in for a

11
00:00:28,390 --> 00:00:26,160
link up to the raspbian module

12
00:00:30,790 --> 00:00:28,400
and at least a four-month stay on board

13
00:00:34,069 --> 00:00:30,800

the international space station

14

00:00:36,470 --> 00:00:34,079

you can see uh the crosshairs on this

15

00:00:38,229 --> 00:00:36,480

engineering camera on the soyuz

16

00:00:40,869 --> 00:00:38,239

spacecraft coming into alignment with

17

00:00:42,869 --> 00:00:40,879

the docking target as planned

18

00:00:45,590 --> 00:00:42,879

the two vehicles the soyuz and the space

19

00:00:49,029 --> 00:00:45,600

station 254 statute miles over the south

20

00:00:53,270 --> 00:00:50,709

ranges

21

00:00:56,069 --> 00:00:53,280

the role has stabilized there is no role

22

00:01:03,590 --> 00:00:56,079

now there's no role deviation we're

23

00:01:25,510 --> 00:01:05,750

see it on the camera we see it on camera

24

00:01:30,550 --> 00:01:27,830

a confirmed arrival for the brand new

25

00:01:33,429 --> 00:01:30,560

soyuz ms01 spacecraft docking confirmed

26

00:01:37,030 --> 00:01:33,439

at 1106 pm central time

27

00:01:39,030 --> 00:01:37,040

706 a.m moscow time as the international

28

00:01:42,149 --> 00:01:39,040

space station and the soyuz and its

29

00:01:44,469 --> 00:01:42,159

three crew members through 254 statute

30

00:01:46,310 --> 00:01:44,479

31

00:01:48,950 --> 00:01:46,320

three new crew members have arrived at

32

00:01:50,950 --> 00:01:48,960

the international space station after a

33

00:01:52,830 --> 00:01:50,960

perfect shakedown mission for this

34

00:01:56,789 --> 00:01:52,840

upgraded soyuz

35

00:02:03,350 --> 00:01:56,799

vehicle seven zero six thirty five

36

00:02:09,350 --> 00:02:06,149

and uh the hatch now opening

37

00:02:11,910 --> 00:02:09,360

to the soyuz ms-01 spacecraft and the

38

00:02:14,150 --> 00:02:11,920

arrival of three new crew members on the
