

1
00:00:10,639 --> 00:00:16,230
foreign

2
00:01:15,749 --> 00:00:33,030
good morning

3
00:01:15,759 --> 00:01:35,830
so don't hurry

4
00:01:40,789 --> 00:01:38,469
i'm very excited it's the next step uh

5
00:01:43,429 --> 00:01:40,799
when we get down to the launch pad and

6
00:01:44,469 --> 00:01:43,439
uh get closer to our place of launch

7
00:01:46,069 --> 00:01:44,479
it's gonna be

8
00:01:47,830 --> 00:01:46,079
you know more real

9
00:01:52,069 --> 00:01:47,840
uh we've been training for a long time

10
00:01:54,630 --> 00:01:53,270
same question for you how are you

11
00:01:57,350 --> 00:01:54,640
feeling today

12
00:01:59,590 --> 00:01:57,360
feeling great it's been a long way

13
00:02:01,030 --> 00:01:59,600

the crew are fully ready we're happy

14

00:02:03,030 --> 00:02:01,040

we're being seen off we know that

15

00:02:06,310 --> 00:02:03,040

everything is going to be all right

16

00:02:08,550 --> 00:02:06,320

and we're fully ready to go

17

00:02:10,710 --> 00:02:08,560

we're going to have a two-day round of

18

00:02:12,229 --> 00:02:10,720

undocking profile why was it chosen

19

00:02:14,550 --> 00:02:12,239

didn't you want to try

20

00:02:17,270 --> 00:02:14,560

the fast profile yes i would love to try

21

00:02:18,710 --> 00:02:17,280

the first one but uh it's a new vehicle

22

00:02:20,550 --> 00:02:18,720

it's a new series and there are some

23

00:02:21,990 --> 00:02:20,560

requirements so for the machinery it

24

00:02:22,949 --> 00:02:22,000

needs to be checked out that's why we

25

00:02:24,710 --> 00:02:22,959

have this

26

00:02:27,350 --> 00:02:24,720

two-day profile but we'll become even

27

00:02:29,190 --> 00:02:27,360

closer a question for tomah

28

00:02:31,589 --> 00:02:29,200

have you already tried out all of the

29

00:02:33,990 --> 00:02:31,599

russian pre-flight traditions uh red

30

00:02:35,430 --> 00:02:34,000

square gagarin study the white sound of

31

00:02:37,430 --> 00:02:35,440

the desert film

32

00:02:39,670 --> 00:02:37,440

have you watched it no not yet it's too

33

00:02:42,229 --> 00:02:39,680

early too early what do you think about

34

00:02:43,589 --> 00:02:42,239

them don't you think they're too strange

35

00:02:46,229 --> 00:02:43,599

no no not at all

36

00:02:48,869 --> 00:02:46,239

i really like them

37

00:02:50,309 --> 00:02:48,879

and there are a few traditions that

38

00:02:52,470 --> 00:02:50,319

we

39

00:02:54,390 --> 00:02:52,480

fully cognizant of there are a few of

40

00:03:14,309 --> 00:02:54,400

them at baikonur and we'll talk about

41

00:03:14,319 --> 00:03:25,430

um
