

The Price of Flight

1
00:00:00,506 --> 00:00:04,546
[Telephone Ringing]

2
00:00:05,046 --> 00:00:06,236
>> It caught me off guard.

3
00:00:06,236 --> 00:00:08,446
I wasn't ready for it.

4
00:00:08,446 --> 00:00:09,836
Immediately realized I
had to buy wife a pool,

5
00:00:09,836 --> 00:00:12,206
because that was rule if
I ever graduated Texas.

6
00:00:12,246 --> 00:00:14,000
I told her that 17
years earlier.

7
00:00:19,596 --> 00:00:21,626
So, I'm keeping busy,
whether it's flying.

8
00:00:21,626 --> 00:00:22,876
Every day is different.

9
00:00:23,086 --> 00:00:25,406
That's the cool thing
about this job, you know?

10
00:00:25,406 --> 00:00:27,266
Flying in space, I'm
sure, is awesome.

11
00:00:27,506 --> 00:00:28,926
Not flying in space
is pretty cool, too.

12

00:00:29,286 --> 00:00:31,886

We get to do very interesting things throughout the week

13

00:00:32,006 --> 00:00:34,000

to make sure we're ready to go.

14

00:00:37,056 --> 00:00:40,136

One of the cooler things is how contagious the excitement is.

15

00:00:40,136 --> 00:00:41,416

When you can get together

16

00:00:41,416 --> 00:00:43,246

and celebrate what we've accomplished

17

00:00:43,246 --> 00:00:44,796

and what we're going to accomplish the future.

18

00:00:44,796 --> 00:00:46,066

That just goes exponential.

19

00:00:46,066 --> 00:00:47,016

And it's really cool.

20

00:00:47,366 --> 00:00:48,696

For me, that was what was really exciting,

21

00:00:48,696 --> 00:00:50,116

whether it was elementary school kids

22

00:00:50,196 --> 00:00:53,786

who I saw this morning doing a

ham radio event or all the way

23

00:00:53,786 --> 00:00:57,366

up to, you know,
world-class academics doing

24

00:00:57,406 --> 00:00:58,466

ground-breaking science.

25

00:01:03,046 --> 00:01:03,656

Have you flown in space?

26

00:01:03,716 --> 00:01:05,016

And the answer is,
"No, not yet."

27

00:01:05,016 --> 00:01:06,296

Okay, well when will you?

28

00:01:06,646 --> 00:01:07,936

That question, hopefully soon.

29

00:01:08,196 --> 00:01:09,756

And then, do I have stickers?

30

00:01:09,756 --> 00:01:11,166

And yeah, I had some stickers.

31

00:01:11,166 --> 00:01:13,000

I had lots of stickers.

32

00:01:16,546 --> 00:01:17,206

That's what we do.

33

00:01:17,206 --> 00:01:18,986

That's why we get up
in the morning is just

34

00:01:18,986 --> 00:01:20,996
to learn something new that
we didn't know yesterday.
