

1  
00:00:35,110 --> 00:00:32,790  
on september 26 2001 i turned four years

2  
00:00:36,630 --> 00:00:35,120  
old and had my life completely figured

3  
00:00:38,709 --> 00:00:36,640  
out

4  
00:00:41,590 --> 00:00:38,719  
i wanted to do a backflip not a front

5  
00:00:42,869 --> 00:00:41,600  
flip on the moon but in order to do that

6  
00:00:45,750 --> 00:00:42,879  
i would first have to become an

7  
00:00:46,630 --> 00:00:45,760  
astronaut that's step one of my seamless

8  
00:00:49,190 --> 00:00:46,640  
plan

9  
00:00:52,310 --> 00:00:49,200  
step two would then be to go to the moon

10  
00:00:54,790 --> 00:00:52,320  
and finally do my backflip

11  
00:00:56,869 --> 00:00:54,800  
step three finally is to rejoice and be

12  
00:01:00,950 --> 00:00:56,879  
glad and there you have it

13  
00:01:04,950 --> 00:01:02,869

as a result of reaching for the stars

14

00:01:06,870 --> 00:01:04,960

and even jumping for the moon

15

00:01:08,950 --> 00:01:06,880

i've grown to question everything

16

00:01:12,550 --> 00:01:08,960

including myself and even the very

17

00:01:14,469 --> 00:01:12,560

foundation i stand on

18

00:01:16,710 --> 00:01:14,479

at times i wonder

19

00:01:18,950 --> 00:01:16,720

why did i want an escape from my home at

20

00:01:20,870 --> 00:01:18,960

such an early age

21

00:01:24,070 --> 00:01:20,880

and more importantly what was i trying

22

00:01:28,230 --> 00:01:26,469

at the early age of four i was already

23

00:01:29,270 --> 00:01:28,240

terrified of murder

24

00:01:31,990 --> 00:01:29,280

theft

25

00:01:34,469 --> 00:01:32,000

and destruction

26

00:01:36,469 --> 00:01:34,479

it was at this age that i unknowingly

27

00:01:38,830 --> 00:01:36,479

conceptualized the plan to get away from

28

00:01:41,830 --> 00:01:38,840

the only

29

00:01:44,149 --> 00:01:41,840

place i was willing to isolate myself if

30

00:01:45,670 --> 00:01:44,159

it meant detaching from the malevolent

31

00:01:48,550 --> 00:01:45,680

selfish nature

32

00:01:50,310 --> 00:01:48,560

of those who occupy the space around me

33

00:01:52,230 --> 00:01:50,320

but with more answers comes more

34

00:01:55,429 --> 00:01:52,240

questions

35

00:01:56,789 --> 00:01:55,439

why haven't we come together as one yet

36

00:02:00,069 --> 00:01:56,799

how do we still think of ourselves

37

00:02:02,230 --> 00:02:00,079

despite the desperate cries for help

38

00:02:04,230 --> 00:02:02,240

what will it take for humanity's chaotic

39

00:02:05,510 --> 00:02:04,240

cycle to end

40

00:02:09,029 --> 00:02:05,520

and who's to say that this won't all

41

00:02:10,469 --> 00:02:09,039

repeat in the future

42

00:02:12,070 --> 00:02:10,479

if we're all responsible for the

43

00:02:18,690 --> 00:02:12,080

destruction
