Christina Koch's
*Most Memorable
Moments in Space*
Part 1

1
00:00:00,150 --> 00:00:09,589

[Music]

2
00:00:14,070 --> 00:00:11,990

without a doubt my most memorable day

3
00:00:15,430 --> 00:00:14,080

was day one

4
00:00:17,830 --> 00:00:15,440

with the assistance of space station

5
00:00:20,070 --> 00:00:17,840

commander oleg kononenko christina cook

6
00:00:22,310 --> 00:00:20,080

of nasa the first one through the hatch

7
00:00:24,630 --> 00:00:22,320

being green that was the day that i have

8
00:00:26,870 --> 00:00:24,640

steered in my memory visions when i

9
00:00:28,390 --> 00:00:26,880

first arrived here opening the hatch

10
00:00:30,390 --> 00:00:28,400

seeing some of my best friends on the

11
00:00:32,310 --> 00:00:30,400

other side floating through

12
00:00:34,470 --> 00:00:32,320

seeing my first glimpses of the actual

13
00:00:36,310 --> 00:00:34,480

interior of the space station after

14

00:00:38,470 --> 00:00:36,320

having traveled here for six hours on a

15

00:00:40,310 --> 00:00:38,480

small soyuz spacecraft that it actually

16

00:00:42,709 --> 00:00:40,320

exists for the betterment of humanity

17

00:00:44,790 --> 00:00:42,719

doing science and exploring that it was

18

00:00:46,389 --> 00:00:44,800

real and that i got to live here i'm

19

00:00:53,029 --> 00:00:46,399

very privileged to have that as one of

20

00:00:57,430 --> 00:00:55,189

one time as a crew all six of us were

21

00:00:59,990 --> 00:00:57,440

together and one thing we enjoy doing is

22

00:01:02,069 --> 00:01:00,000

singing karaoke believe it or not and we

23

00:01:04,549 --> 00:01:02,079

were belting out one of our favorite

24

00:01:06,230 --> 00:01:04,559

karaoke songs winds of change

25

00:01:09,590 --> 00:01:06,240

and as you know we have the internet

26
00:01:11,830 --> 00:01:09,600
here supplied by a ku band antenna which

27
00:01:14,310 --> 00:01:11,840
has passes where sometimes it has to

28
00:01:16,390 --> 00:01:14,320
reset and we'll lose that internet so

29
00:01:18,789 --> 00:01:16,400
we're belting out winds of change and

30
00:01:20,149 --> 00:01:18,799
all of a sudden the feed dies and we go

31
00:01:22,710 --> 00:01:20,159
on and we're talking for a little while

32
00:01:25,429 --> 00:01:22,720
maybe 10 minutes or so go by and then

33
00:01:27,910 --> 00:01:25,439
suddenly the ku band antenna picks back

34
00:01:30,069 --> 00:01:27,920
up the satellite and winds of change our

35
00:01:31,749 --> 00:01:30,079
karaoke video starts

36
00:01:34,149 --> 00:01:31,759
really loud in the speakers again and

37
00:01:36,230 --> 00:01:34,159
without missing a beat conversation

38
00:01:38,870 --> 00:01:36,240

instantly stops and we all just resume

39

00:01:43,840 --> 00:01:38,880

singing immediately and that was a

40

00:01:43,850 --> 00:01:51,749

[Music]
