

**ASTRONAUT  
MOMENTS**  
**CHRIS  
CASSIDY**

1  
00:00:01,000 --> 00:00:12,912  
[ MUSIC ]

2  
00:00:12,912 --> 00:00:13,580  
>> THE SPACE STATION IS

3  
00:00:13,580 --> 00:00:15,482  
MUCH BIGGER THAN PEOPLE THINK.

4  
00:00:15,482 --> 00:00:16,449  
YOU KNOW, WHEN YOU TELL PEOPLE

5  
00:00:16,449 --> 00:00:17,650  
THAT I'M GONNA GO LIVE IN SPACE,

6  
00:00:17,650 --> 00:00:19,085  
THEY'RE PICTURING

7  
00:00:19,085 --> 00:00:20,987  
THIS TINY THING

8  
00:00:20,987 --> 00:00:22,021  
WHERE YOU'VE GOTTA

9  
00:00:22,021 --> 00:00:23,123  
TURN YOUR SHOULDERS--

10  
00:00:23,123 --> 00:00:23,923  
"SCUSE ME, 'SCUSE ME,"

11  
00:00:23,923 --> 00:00:25,024  
TO-TO PASS EACH OTHER

12  
00:00:25,024 --> 00:00:25,859  
IN THE HALLWAY LIKE

13  
00:00:25,859 --> 00:00:27,861

A CRAMPED SUBMARINE.

14

00:00:27,861 --> 00:00:30,196

BUT IT'S BIG.

15

00:00:30,196 --> 00:00:33,066

AND YOU CAN SPEND A WHOLE DAY

16

00:00:33,066 --> 00:00:35,034

AND NEVER SEE A CREW MATE

17

00:00:35,034 --> 00:00:38,705

EXCEPT FOR MAYBE A MEAL.

18

00:00:38,705 --> 00:00:39,406

THE OTHER THING

19

00:00:39,406 --> 00:00:41,741

PEOPLE DON'T REALIZE,

20

00:00:41,741 --> 00:00:42,876

IT'S A MACHINE.

21

00:00:42,876 --> 00:00:44,277

JUST LIKE YOUR CAR

22

00:00:44,277 --> 00:00:45,578

OR YOUR HOUSE

23

00:00:45,578 --> 00:00:46,913

OR YOUR AIR CONDITIONER.

24

00:00:46,913 --> 00:00:47,981

IT'S GONNA BREAK,

25

00:00:47,981 --> 00:00:49,249

AND STUFF DOES, IT'S JUST

26

00:00:49,249 --> 00:00:50,683

THE NATURE OF MACHINERY

27

00:00:50,683 --> 00:00:51,418

THAT I'VE-- 'CAUSE PEOPLE

28

00:00:51,418 --> 00:00:53,052

SOMETIMES, "WHAT? IT BROKE?

29

00:00:53,052 --> 00:00:54,020

"WHAT DO YOU MEAN NASA

30

00:00:54,020 --> 00:00:54,654

"HAS A THING THAT'S

31

00:00:54,654 --> 00:00:55,355

"BROKEN IN SPACE?"

32

00:00:55,355 --> 00:00:56,055

WELL, YEAH.

33

00:00:56,055 --> 00:00:57,290

IT'S-IT'S A MACHINE,

34

00:00:57,290 --> 00:00:58,091

IT'S GONNA BREAK

35

00:00:58,091 --> 00:00:59,259

AND THAT'S WHAT WE NEED TO DO

36

00:00:59,259 --> 00:01:01,961

IS KEEP IT RUNNING.

37

00:01:01,961 --> 00:01:03,363

AT THE END OF THE DAY,

38

00:01:03,363 --> 00:01:04,831

THERE IS SEVERAL THINGS

39

00:01:04,831 --> 00:01:06,065

IN A MISSION THAT REQUIRES

40

00:01:06,065 --> 00:01:07,367

A PERSON TO TURN A WRENCH

41

00:01:07,367 --> 00:01:10,403

AND FIX IT.

42

00:01:10,403 --> 00:01:11,404

ON MY FIRST MISSION,

43

00:01:11,404 --> 00:01:12,472

I WAS A SHUTTLE CREW MEMBER

44

00:01:12,472 --> 00:01:13,506

AND WE'RE HELPING CONSTRUCT

45

00:01:13,506 --> 00:01:14,274

THE SPACE STATION.

46

00:01:14,274 --> 00:01:15,842

MY SECOND MISSION AS A--

47

00:01:15,842 --> 00:01:17,444

A SPACE STATION CREW MEMBER,

48

00:01:17,444 --> 00:01:18,578

WE WERE JUST KINDA GETTING UP

49

00:01:18,578 --> 00:01:20,246

ON STEP-- ON REALLY

50

00:01:20,246 --> 00:01:22,782

PUSHING THE SCIENCE SYSTEMS

51  
00:01:22,782 --> 00:01:23,817  
OF THE SPACE STATION

52  
00:01:23,817 --> 00:01:25,118  
AND GETTING THE MOST OUT OF

53  
00:01:25,118 --> 00:01:26,820  
ALL OF THE ASSETS THAT

54  
00:01:26,820 --> 00:01:28,354  
THE SPACE STATION HAS TO GIVE

55  
00:01:28,354 --> 00:01:29,989  
FOR SCIENCE AND RESEARCH.

56  
00:01:29,989 --> 00:01:31,758  
NOW I THINK WE ARE JUST

57  
00:01:31,758 --> 00:01:33,226  
HUMMIN' ALONG

58  
00:01:33,226 --> 00:01:35,361  
WITH THE SCIENCE AND RESEARCH.

59  
00:01:35,361 --> 00:01:36,463  
THE GREATER COMMUNITY

60  
00:01:36,463 --> 00:01:38,131  
AND PARTICULARLY THE SPECIALISTS

61  
00:01:38,131 --> 00:01:39,399  
IN-IN BUILDING 30

62  
00:01:39,399 --> 00:01:40,133  
IN MISSION CONTROL

63  
00:01:40,133 --> 00:01:41,034

REALLY KNOW HOW TO RUN

64

00:01:41,034 --> 00:01:41,868

THE SPACE STATION

65

00:01:41,868 --> 00:01:43,002

AND KEEP IT GOING WELL

66

00:01:43,002 --> 00:01:44,270

SO THAT WE CAN DEVOTE

67

00:01:44,270 --> 00:01:45,605

TONS OF ASTRONAUT HOURS

68

00:01:45,605 --> 00:01:47,474

TO SCIENCE.

69

00:01:57,217 --> 00:01:59,018

THAT ANNIVERSARY'S KIND OF

70

00:01:59,018 --> 00:02:01,120

SPECIAL TO ME IN THE SENSE THAT

71

00:02:01,120 --> 00:02:02,288

BILL SHEPHERD WAS

72

00:02:02,288 --> 00:02:05,124

THE COMMANDER OF EXPEDITION 1,

73

00:02:05,124 --> 00:02:08,027

UNITED STATES NAVY SEAL,

74

00:02:08,027 --> 00:02:09,429

AND I WILL BE THE COMMANDER

75

00:02:09,429 --> 00:02:11,764

OF EXPEDITION 63,

76

00:02:11,764 --> 00:02:13,266

20 YEARS LATER,

77

00:02:13,266 --> 00:02:14,434

A UNITED STATES NAVY SEAL.

78

00:02:14,434 --> 00:02:16,202

SO, UH, THERE HAS BEEN

79

00:02:16,202 --> 00:02:17,337

THREE OF US,

80

00:02:17,337 --> 00:02:18,371

SHEP, MYSELF,

81

00:02:18,371 --> 00:02:19,506

AND NOW JONNY KIM

82

00:02:19,506 --> 00:02:20,507

WHO ALL COME FROM

83

00:02:20,507 --> 00:02:21,574

THE SEAL COMMUNITY

84

00:02:21,574 --> 00:02:23,343

TO-TO BE ASTRONAUTS

85

00:02:23,343 --> 00:02:25,645

AND, UH, I THINK IT'S REALLY

86

00:02:25,645 --> 00:02:26,846

PRETTY COOL THAT

87

00:02:26,846 --> 00:02:28,381

THERE IS THE BOOKENDS OF

88

00:02:28,381 --> 00:02:30,450

## THE 20 YEARS OF STATION

89

00:02:30,450 --> 00:02:31,184  
WILL BE COMMANDED BY

90

00:02:31,184 --> 00:02:33,119  
SHEP AND MYSELF.

91

00:02:33,119 --> 00:02:34,821  
WHAT AM I LOOKING FORWARD TO

92

00:02:34,821 --> 00:02:36,389  
MOST ON THIS MISSION?

93

00:02:36,389 --> 00:02:38,358  
THIS IS MY THIRD ONE

94

00:02:38,358 --> 00:02:40,560  
AND I AM GOING INTO IT

95

00:02:40,560 --> 00:02:41,427  
WITH THE MINDSET OF

96

00:02:41,427 --> 00:02:42,395  
I AM GOING TO CHERISH

97

00:02:42,395 --> 00:02:44,230  
EVERY SINGLE DAY THAT I'M THERE

98

00:02:44,230 --> 00:02:44,898  
BECAUSE IT MIGHT BE

99

00:02:44,898 --> 00:02:46,332  
THE LAST DAYS

100

00:02:46,332 --> 00:02:47,200  
THAT I GET TO LOOK OUT

101  
00:02:47,200 --> 00:02:48,001  
THE CUPOLA WINDOW

102  
00:02:48,001 --> 00:02:49,502  
AND-AND SEE EARTH.

103  
00:02:49,502 --> 00:02:50,770  
SO I'M REALLY LOOKING FORWARD

104  
00:02:50,770 --> 00:02:52,739  
TO APPRECIATING

105  
00:02:52,739 --> 00:02:54,440  
EVERY ONE OF THOSE DAYS.

106  
00:02:54,440 --> 00:02:55,174  
I'LL BE HAPPY TO

107  
00:02:55,174 --> 00:02:56,476  
GET BACK TO EARTH

108  
00:02:56,476 --> 00:02:57,877  
TO BE WITH MY FAMILY,

109  
00:02:57,877 --> 00:02:59,512  
BUT I'M REALLY LOOKING FORWARD

110  
00:02:59,512 --> 00:03:00,980  
TO VALUING EACH OF THOSE DAYS

111  
00:03:00,980 --> 00:03:03,249  
WHILE I'M THERE.

112  
00:03:05,552 --> 00:03:07,020  
I'M ASTRONAUT CHRIS CASSIDY.
