

1
00:00:10,640 --> 00:00:14,579
[MUSIC]

2
00:00:14,719 --> 00:00:20,490
HI, WELCOME TO THE FIRST AND PROBABLY THE
ONLY EDITION OF SOME SPACE NEWS.

3
00:00:20,490 --> 00:00:24,750
I'M YOUR HOST, ASTRONAUT CHRIS CASSIDY,
LIVE FROM THE INTERNATIONAL SPACE

4
00:00:24,750 --> 00:00:29,099
STATION FLYING, SOMEWHERE 250 MILES ABOVE
OUR BEAUTIFUL PLANET EARTH. LET'S GET

5
00:00:29,099 --> 00:00:35,520
ONTO THE SEGMENTS. I HAVE MY NOTES, WHICH
ARE STORED IN A BAG, BUT BECAUSE OF THE

6
00:00:35,520 --> 00:00:40,710
FLAMMABILITY HAZARD OF PAPER WE TAKE
SERIOUS SAFETY PRECAUTIONS TO MAKE SURE

7
00:00:40,710 --> 00:00:43,920
THAT WE, THE CREW, ARE SAFE FROM FIRE
HAZARDS.

8
00:00:43,920 --> 00:00:48,510
THEREFORE, MY NOTES ARE STORED INSIDE
THIS CARGO TRANSFER BAG, WITH SEVERAL

9
00:00:48,510 --> 00:00:59,039
ITEMS OTHER ITEMS THAT HAVE NO RELEVANCE
TO MY NOTES. AND ON TO THE NEWS. "AND WE

10
00:00:59,039 --> 00:01:04,650
HAVE LIFTOFF." IT WAS A SUCCESSFUL LAUNCH
OF AN HTV CARGO SHIP. CONGRATULATIONS TO

11

00:01:04,650 --> 00:01:08,490

OUR JAPANESE COUNTERPARTS, AS THEY BLAST
OFF A BEAUTIFUL NIGHT LAUNCH. WE WATCHED IT

12

00:01:08,490 --> 00:01:13,860

HERE ON BOARD, AS A CARGO SHIP FULL OF
SCIENCE EQUIPMENT FOOD SPARE PARTS

13

00:01:13,860 --> 00:01:18,920

EVERYTHING WE NEED LOGISTICALLY TO KEEP
THE SPACE STATION RUNNING.

14

00:01:19,270 --> 00:01:25,520

TOPIC NUMBER TWO IS THE ARRIVAL OF MY
FRIENDS AND COLLEAGUES, BOB BEHNKEN AND

15

00:01:25,520 --> 00:01:31,940

DOUG HURLEY ON THE FIRST MANNED SPACEX
CREW DRAGON. THIS IS A MOMENTOUS DAY FOR

16

00:01:31,940 --> 00:01:37,009

OUR HISTORY OF MANNED SPACEFLIGHT, AS IT
MARKS THE FIRST TIME WE'VE LAUNCHED

17

00:01:37,009 --> 00:01:41,600

PEOPLE AGAIN FROM THE COAST OF FLORIDA
SINCE 2011 WHEN WE FLEW THE LAST

18

00:01:41,600 --> 00:01:46,520

SPACE SHUTTLE. DOUG HURLEY WAS ON THAT LAST
SPACE SHUTTLE FLIGHT IN 2011. HE WAS ALSO

19

00:01:46,520 --> 00:01:52,910

MY CREW MATE IN 2009 ON STS-127. SO DOUG
AND I HAVE A DEEP HISTORY OF SPACEFLIGHT

20

00:01:52,910 --> 00:01:56,360

TOGETHER, AND I LOOK FORWARD TO HAVING
BOTH OF THEM ONBOARD AS PART OF

21

00:01:56,360 --> 00:02:02,450

EXPEDITION 63. BY THE WAY EVERYBODY'S
PAYING ATTENTION TO THE TECHNICAL STUFF

22

00:02:02,450 --> 00:02:07,610

RELATED TO THAT LAUNCH, BUT ONBOARD HERE
WE'RE MAKING SURE THEY HAVE THEIR FOODS

23

00:02:07,610 --> 00:02:12,950

ORGANIZED, THEIR SLEEPING QUARTERS
SQUARED AWAY, THEIR CLOTHING IS ALL IN

24

00:02:12,950 --> 00:02:17,690

ORDER, AND THEIR TOOTHBRUSH IS HANGING AT
THE BATHROOM. I GOT YOU BOB AND DOUG. SO,

25

00:02:17,690 --> 00:02:21,410

ON THAT NOTE WE'LL SAY I'LL SIGN OFF AND
SAY GOOD NIGHT TO THE WHOLE WORLD.

26

00:02:21,410 --> 00:02:26,780

IT'S A PLEASURE GOING AROUND YOU 16
TIMES A DAY. WE LOOK DOWN WITH ENVY, WE

27

00:02:26,780 --> 00:02:33,650

LOOK DOWN WITH PRIDE, AND WE LOOK DOWN
WITH FASCINATION AS OUR PLANET IS THERE,

28

00:02:33,650 --> 00:02:38,810

A SPACE SHIP FOR ALL OF US, HOME TO EVERY
ONE OF US. THANK YOU FOR WATCHING SOME

29

00:02:38,810 --> 00:02:41,530

SPACE NEWS.
