

*Happy Holidays from
the International Space Station*

1
00:00:06,309 --> 00:00:03,429
holidays what do the holidays mean to me

2
00:00:08,950 --> 00:00:06,319
it means the three f's family friends

3
00:00:13,509 --> 00:00:11,110
actually that's a pretty good segue to

4
00:00:15,589 --> 00:00:13,519
my story the christmas is a time of a

5
00:00:17,830 --> 00:00:15,599
gift and i have a special gift from the

6
00:00:19,990 --> 00:00:17,840
group of japanese high school girls they

7
00:00:22,230 --> 00:00:20,000
spend many many years for the after

8
00:00:23,509 --> 00:00:22,240
school activity to make the space food

9
00:00:24,470 --> 00:00:23,519
on their own

10
00:00:26,390 --> 00:00:24,480
and

11
00:00:29,509 --> 00:00:26,400
jacks are finally approved this is a

12
00:00:32,549 --> 00:00:29,519
space food and here we are this is a

13
00:00:34,630 --> 00:00:32,559

special gift from wakasa high school

14

00:00:37,190 --> 00:00:34,640

thanks high school girls

15

00:00:39,030 --> 00:00:37,200

it's a small small camp for the macro

16

00:00:40,310 --> 00:00:39,040

but the big leap for the japanese high

17

00:00:42,229 --> 00:00:40,320

school girls

18

00:00:44,229 --> 00:00:42,239

and we will eat this with all the

19

00:00:46,290 --> 00:00:44,239

friends with the high places but we will

20

00:00:49,110 --> 00:00:46,300

share the spirit of christmas this year

21

00:00:51,430 --> 00:00:49,120

[Music]

22

00:00:53,830 --> 00:00:51,440

and we certainly don't do this alone our

23

00:00:55,670 --> 00:00:53,840

family is a big family at nasa we have

24

00:00:57,670 --> 00:00:55,680

everybody in mission control supporting

25

00:01:00,229 --> 00:00:57,680

us and they have to work they're working

26

00:01:02,310 --> 00:01:00,239

24 7. so they're going to be working

27

00:01:04,390 --> 00:01:02,320

christmas eve and christmas day and new

28

00:01:06,070 --> 00:01:04,400

year's eve and new year's day

29

00:01:08,149 --> 00:01:06,080

so we're going to have a special contest

30

00:01:09,270 --> 00:01:08,159

with them it's a christmas decoration

31

00:01:11,510 --> 00:01:09,280

contest

32

00:01:14,230 --> 00:01:11,520

we have to make we have to make uh

33

00:01:16,390 --> 00:01:14,240

christmas items to decorate the space

34

00:01:18,789 --> 00:01:16,400

station it has to be obviously only

35

00:01:21,350 --> 00:01:18,799

items that are up in space and our

36

00:01:23,429 --> 00:01:21,360

challenge to mission control is you have

37

00:01:26,550 --> 00:01:23,439

to make a christmas decoration from

38

00:01:29,240 --> 00:01:26,560

items in building 30 so only items in

39

00:01:31,910 --> 00:01:29,250

mission control we'll see how that goes

40

00:01:33,590 --> 00:01:31,920

[Music]

41

00:01:36,069 --> 00:01:33,600

so like shannon said

42

00:01:37,910 --> 00:01:36,079

friends food and family i definitely

43

00:01:39,030 --> 00:01:37,920

think about my family this time of year

44

00:01:44,149 --> 00:01:39,040

and knowing that we're going to be up

45

00:01:46,870 --> 00:01:44,159

here kate shannon soichi hopper sergey

46

00:01:48,469 --> 00:01:46,880

and sergey are our family on the station

47

00:01:49,830 --> 00:01:48,479

and my family on the ground is

48

00:01:51,030 --> 00:01:49,840

definitely in my thoughts and in my

49

00:01:53,350 --> 00:01:51,040

prayers and

50

00:01:55,429 --> 00:01:53,360

on my socks as well

51
00:01:57,109 --> 00:01:55,439
um but that also makes me think about

52
00:01:58,870 --> 00:01:57,119
all of the folks who also aren't able to

53
00:02:00,950 --> 00:01:58,880
spend the holidays with their families

54
00:02:02,950 --> 00:02:00,960
and so to our service members our state

55
00:02:04,870 --> 00:02:02,960
department folks and everyone all around

56
00:02:06,389 --> 00:02:04,880
the world that is serving something

57
00:02:07,830 --> 00:02:06,399
bigger than themselves

58
00:02:09,589 --> 00:02:07,840
and having to do so away from their

59
00:02:11,430 --> 00:02:09,599
families we owe you a debt that will

60
00:02:13,350 --> 00:02:11,440
never be able to repay but i i just want

61
00:02:17,030 --> 00:02:13,360
to say thank you for your service happy

62
00:02:18,869 --> 00:02:17,040
holidays and happy new year

63
00:02:21,510 --> 00:02:18,879

you know i have to just uh second what

64

00:02:23,430 --> 00:02:21,520

everybody has said before me you know

65

00:02:25,110 --> 00:02:23,440

christmas the holidays it's a time when

66

00:02:26,070 --> 00:02:25,120

we're celebrating the birth of our

67

00:02:29,110 --> 00:02:26,080

savior

68

00:02:31,030 --> 00:02:29,120

um but it's also a time for families and

69

00:02:32,710 --> 00:02:31,040

i do have to say one of the things i

70

00:02:34,550 --> 00:02:32,720

always love about christmas is my mom's

71

00:02:35,350 --> 00:02:34,560

date balls i really miss my mom's date

72

00:02:36,470 --> 00:02:35,360

balls

73

00:02:38,869 --> 00:02:36,480

anyway

74

00:02:41,589 --> 00:02:38,879

from expedition 64.

75

00:02:42,869 --> 00:02:41,599

happy holidays to everyone and thank you

76

00:02:52,470 --> 00:02:42,879

for

77

00:02:57,030 --> 00:02:54,949

so kate on behalf of mission control

78

00:02:58,630 --> 00:02:57,040

i know you issued a challenge

79

00:03:01,190 --> 00:02:58,640

and let me just say

80

00:03:09,830 --> 00:03:01,200

decorating mission control challenge

81

00:03:15,270 --> 00:03:11,589

i may have to cut this coat up to turn

82

00:03:19,830 --> 00:03:18,070

and that might not be a bad idea the

83

00:03:22,550 --> 00:03:19,840

consensus up here is that you may have

84

00:03:23,810 --> 00:03:22,560

already won the challenge
