

1
00:00:04,910 --> 00:00:02,810
ten years ago we established our out and

2
00:00:08,150 --> 00:00:04,920
Allied employee Resource Group at

3
00:00:10,669 --> 00:00:08,160
Johnson Space Center it was really hard

4
00:00:13,669 --> 00:00:10,679
to feel that I was the only person in

5
00:00:14,930 --> 00:00:13,679
the world that didn't make sense I

6
00:00:17,170 --> 00:00:14,940
didn't know what the reactions would be

7
00:00:19,269 --> 00:00:17,180
I think you have to love yourself

8
00:00:21,590 --> 00:00:19,279
realize that you're a good person

9
00:00:24,109 --> 00:00:21,600
realize what you have to offer to the

10
00:00:26,630 --> 00:00:24,119
world it gets better it does get better

11
00:00:30,550 --> 00:00:26,640
it really does

12
00:00:33,350 --> 00:00:30,560
and it did get better and liftoff

13
00:00:36,530 --> 00:00:33,360

it's a really just up doing our job

14

00:00:38,869 --> 00:00:36,540

catch on confirmed perseverance safely

15

00:00:42,229 --> 00:00:38,879

on the surface of Mars I think the

16

00:00:43,910 --> 00:00:42,239

progress since I was like in Middle

17

00:00:46,610 --> 00:00:43,920

School in high school it's pretty

18

00:00:49,190 --> 00:00:46,620

astounding so it was nice to be able to

19

00:00:51,709 --> 00:00:49,200

have a support system here at work since

20

00:00:52,650 --> 00:00:51,719

2011 NASA's employee resource groups

21

00:00:57,650 --> 00:00:52,660

have grown

22

00:01:04,189 --> 00:01:01,069

NASA's Partnerships have evolved liftoff

23

00:01:07,250 --> 00:01:04,199

of the Falcon 9 and crew dragon

24

00:01:09,530 --> 00:01:07,260

we've Diversified and now we're even

25

00:01:12,289 --> 00:01:09,540

stronger the support system is strong

26

00:01:14,450 --> 00:01:12,299

and it's there it's needed it's visible

27

00:01:16,730 --> 00:01:14,460

we still have a little ways to go but I

28

00:01:18,830 --> 00:01:16,740

think as years go on and we're casting

29

00:01:21,950 --> 00:01:18,840

our net wider and wider there's nothing

30

00:01:24,530 --> 00:01:21,960

wrong with you if you're in the LGBT

31

00:01:27,170 --> 00:01:24,540

plus group don't be afraid to be

32

00:01:29,390 --> 00:01:27,180

yourself and there are people out there

33

00:01:31,850 --> 00:01:29,400

that will support you we're stronger

34

00:01:34,609 --> 00:01:31,860

together we have our eyes set on the

35

00:01:37,310 --> 00:01:34,619

moon and Beyond to DARE unite and

36

00:01:39,289 --> 00:01:37,320

explore the universe right now we need

37

00:01:41,270 --> 00:01:39,299

the strongest candidates from across the

38

00:01:43,490 --> 00:01:41,280

country and around the globe we need

39

00:01:46,249 --> 00:01:43,500

female leaders we need gay scientists

40

00:01:49,969 --> 00:01:46,259

Hispanic doctors we need black Engineers

41

00:01:52,190 --> 00:01:49,979

we need the best the best the best it

42

00:01:55,069 --> 00:01:52,200

does get better and we still need better

43

00:01:56,929 --> 00:01:55,079

we are family we thank those who came

44

00:01:59,569 --> 00:01:56,939

before us and want to keep Paving the

45

00:02:02,450 --> 00:01:59,579

46

00:02:05,330 --> 00:02:02,460

on the shoulders of our predecessors who

47

00:02:08,749 --> 00:02:05,340

fought hard so we could focus future if

48

00:02:11,150 --> 00:02:08,759
