

1
00:00:11,209 --> 00:00:09,110
and the bird's-eye view from the

2
00:00:12,770 --> 00:00:11,219
external tank camera of external tank

3
00:00:16,670 --> 00:00:12,780
separation Atlantis now in its

4
00:00:18,470 --> 00:00:16,680
preliminary orbit commander Charlie

5
00:00:20,210 --> 00:00:18,480
hobaugh will now maneuver Atlantis

6
00:00:22,400 --> 00:00:20,220
so that cameras embedded in the shuttles

7
00:00:24,290 --> 00:00:22,410
umbilical well can perform photography

8
00:00:26,779 --> 00:00:24,300
of the discarded external fuel tank and

9
00:00:29,269 --> 00:00:26,789
Mike Foreman and Leland Melvin are about

10
00:00:31,189 --> 00:00:29,279
to use digital still in video cameras to

11
00:00:32,720 --> 00:00:31,199
capture handheld imagery of the tank for

12
00:00:34,700 --> 00:00:32,730
downlink a few hours from now

13
00:00:36,290 --> 00:00:34,710

a flawless climb to orbit for the

14

00:00:37,910 --> 00:00:36,300

shuttle Atlantis and its six crew
