

1  
00:00:00,000 --> 00:00:01,000  
Music.

2  
00:00:05,690 --> 00:00:06,336  
Space shuttle Endeavour left the Vehicle Assembly Building in the middle of the night on April 17

3  
00:00:11,510 --> 00:00:17,510  
on what is to be the last trip by a shuttle to NASA Kennedy Space Center's Launch Pad 39B.

4  
00:00:18,270 --> 00:00:23,136  
Secured by eight bolts to a launch platform NASA calls a mobile launcher,

5  
00:00:23,160 --> 00:00:23,720  
Endeavour was pointed to the sky as a  
crawler-transporter moved it about

6  
00:00:27,400 --> 00:00:32,066  
four miles over a track built to support the crawler's immense weight.

7  
00:00:33,990 --> 00:00:42,123  
Atlantis is poised on Launch Pad 39A awaiting a targeted May liftoff on a flight to service NASA's Hubble Space

8  
00:00:42,750 --> 00:00:43,610  
Endeavour will stand by on its launch pad in  
case it is needed for an unlikely
