

1  
00:00:01,920 --> 00:00:03,070  
SpaceX Launch Control: T-minutes 10

2  
00:00:03,070 --> 00:00:04,360  
9

3  
00:00:04,360 --> 00:00:05,580  
8

4  
00:00:05,580 --> 00:00:06,590  
7

5  
00:00:06,590 --> 00:00:07,540  
6

6  
00:00:07,540 --> 00:00:08,510  
5

7  
00:00:08,510 --> 00:00:09,440  
4

8  
00:00:09,440 --> 00:00:10,400  
3

9  
00:00:10,400 --> 00:00:11,360  
2

10  
00:00:11,360 --> 00:00:12,410  
1

11  
00:00:12,410 --> 00:00:15,400  
zero...

12  
00:00:15,400 --> 00:00:17,440  
We have liftoff of the Falcon 9.

13  
00:00:17,440 --> 00:00:22,280

Stage 1.

14

00:00:22,280 --> 00:00:24,770

Pitch kick.

15

00:00:24,770 --> 00:00:26,490

Falcon 9 has cleared the tower.

16

00:00:26,490 --> 00:00:37,140

(Engine noise, rumbling)

17

00:00:37,140 --> 00:00:40,560

SpaceX Launch Control: First-stage engines and tanks looking good.

18

00:00:40,560 --> 00:00:53,080

Getting gravity turn.

19

00:00:53,080 --> 00:00:57,820

Telemetry lock on both stages, power systems nominal.

20

00:00:57,820 --> 00:01:03,410

First-stage propulsion is nominal.

21

00:01:03,410 --> 00:01:21,190

Guidance nominal.

22

00:01:21,190 --> 00:01:33,850

The vehicle is now supersonic.

23

00:01:33,850 --> 00:01:37,650

Telemetry lock still on both stages, power systems continues to be nominal.

24

00:01:37,650 --> 00:01:39,320

Guidance is nominal at max Q.

25

00:01:39,320 --> 00:02:03,580

And propulsion is also nominal on the first stage.
