

1
00:00:01,640 --> 00:00:02,160

\h Mission Control:

2
00:00:02,160 --> 00:00:04,920

\h Just a few seconds away from the expected spacecraft sep.

3
00:00:04,920 --> 00:00:07,430

\h We're looking at the video.

4
00:00:07,430 --> 00:00:15,250

\h Spacecraft separation, confirmed on video.

5
00:00:15,250 --> 00:00:21,540

\h Unfortunately our telemetry data is a bit too noisy to discern. But we can confirm and we
