

1

00:00:10,760 --> 00:00:26,100

\h ROB NAVIAS: Landing gear down and locked. Main gear touchdown.

2

00:00:26,100 --> 00:00:35,310

\h Poindexter now deploying the drag chute. Nose gear touchdown.

3

00:00:35,310 --> 00:00:38,420

\h Atlantis rolling out on runway 15 at the Kennedy Space Center,

4

00:00:38,420 --> 00:00:43,610

\h wrapping up a 5.3-million-mile mission to expand the global village of space.

5

00:00:43,610 --> 00:01:18,910

\h Dan Tani home after 120 days in orbit.

6

00:01:18,910 --> 00:01:20,420

\h COMMANDER STEVE FRICK: We appreciate all the great help and

7

00:01:20,420 --> 00:01:25,280

\h support from the folks here at Kennedy and all over NASA,

8

00:01:25,280 --> 00:01:29,130

\h and especially at Johnson Space Center and Mission Control for keeping

9

00:01:29,130 --> 00:01:33,940

\h us safe when we're airborne and bringing us safely home.
