

An American Treasure The Space Shuttle

1
00:00:03,750 --> 00:00:02,310
my name is albert fazio and i'm one of

2
00:00:05,910 --> 00:00:03,760
boeing systems engineering and

3
00:00:07,670 --> 00:00:05,920
integration managers here at the kennedy

4
00:00:10,790 --> 00:00:07,680
space center and i've been with the

5
00:00:12,870 --> 00:00:10,800
program for 23 years now and i guess my

6
00:00:15,110 --> 00:00:12,880
most memorable moment would be when we

7
00:00:17,590 --> 00:00:15,120
were launching john glenn into space

8
00:00:19,990 --> 00:00:17,600
i was with a russian delegation that was

9
00:00:21,590 --> 00:00:20,000
out here for uh for launch viewing

10
00:00:23,189 --> 00:00:21,600
and i was talking with one of my fellow

11
00:00:25,590 --> 00:00:23,199
engineers there and

12
00:00:27,750 --> 00:00:25,600
the russian engineer said he can recall

13
00:00:30,230 --> 00:00:27,760

watching yuri gagarin in the parade

14

00:00:31,910 --> 00:00:30,240

after he returned from space and i

15

00:00:33,430 --> 00:00:31,920

remember that time frame we were in the

16

00:00:35,830 --> 00:00:33,440

midst of cold war

17

00:00:38,709 --> 00:00:35,840

and here we are as uh

18

00:00:40,709 --> 00:00:38,719

working together for space missions with

19

00:00:43,030 --> 00:00:40,719

the russians and it just kind of blew me
