1  
00:00:05,030 --> 00:00:02,470  
um hi my name is bernie hill this is

2  
00:00:07,110 --> 00:00:05,040  
dave koval cordell williams and hal

3  
00:00:09,030 --> 00:00:07,120  
bandy and we have worked out here at the

4  
00:00:10,709 --> 00:00:09,040  
kennedy space center for 28 years

5  
00:00:12,950 --> 00:00:10,719  
together we have been with various

6  
00:00:15,190 --> 00:00:12,960  
contracts and through all the wonderful

7  
00:00:17,269 --> 00:00:15,200  
memories of the shuttle program

8  
00:00:19,910 --> 00:00:17,279  
one memory of course would be the loss

9  
00:00:22,150 --> 00:00:19,920  
of challenger where we all observed that

10  
00:00:24,150 --> 00:00:22,160  
loss at the same time together

11  
00:00:26,150 --> 00:00:24,160  
and that wasn't a favorite memory of

12  
00:00:28,870 --> 00:00:26,160  
course but some of our favorite memories

13  
00:00:31,029 --> 00:00:28,880

were being able to get out to the

14

00:00:33,910 --> 00:00:31,039

visitors

15

00:00:35,510 --> 00:00:33,920

box the press site and watch shuttles up

16

00:00:37,510 --> 00:00:35,520

close and personal

17

00:00:39,190 --> 00:00:37,520

it's been a thrill to work out here it's

18

00:00:42,549 --> 00:00:39,200

one of the most exciting places in the

19

00:00:43,990 --> 00:00:42,559

world and it is truly a treasure

20

00:00:46,869 --> 00:00:44,000

23

00:00:52,790 --> 00:00:51,120

and also being awarded the silver snoopy

24

00:00:54,229 --> 00:00:52,800

award by the astronauts that was a great

25

00:00:56,470 --> 00:00:54,239

honor to see

26

00:00:58,950 --> 00:00:56,480
