

# An American Treasure: The Space Shuttle

DISCOVERY  
ON TV

1  
00:00:06,150 --> 00:00:02,710  
i have a lot of memories

2  
00:00:07,749 --> 00:00:06,160  
of the first rollout of columbia

3  
00:00:10,150 --> 00:00:07,759  
rolling out of there

4  
00:00:13,030 --> 00:00:10,160  
rolling over to the pad taking a long

5  
00:00:15,589 --> 00:00:13,040  
time and then a fantastic lodge

6  
00:00:17,109 --> 00:00:15,599  
it made everybody excited you could feel

7  
00:00:18,390 --> 00:00:17,119  
the vibrations

8  
00:00:20,390 --> 00:00:18,400  
since it's the first launch you could

9  
00:00:22,710 --> 00:00:20,400  
feel the vibrations of the vehicle so

10  
00:00:24,630 --> 00:00:22,720  
it's it's fantastic i have so many

11  
00:00:26,150 --> 00:00:24,640  
memories because i've been out here 30

12  
00:00:27,269 --> 00:00:26,160  
years

13  
00:00:29,509 --> 00:00:27,279

and

14

00:00:32,549 --> 00:00:29,519

return to flight was fantastic

15

00:00:36,389 --> 00:00:32,559

that was the i was a real good one

16

00:00:39,270 --> 00:00:36,399

the one after columbia i got sfa then

17

00:00:41,830 --> 00:00:39,280

and for moving all the flight hardware

18

00:00:44,229 --> 00:00:41,840

all the rcc panels

19

00:00:45,510 --> 00:00:44,239

just watching the night launches is out

20

00:00:47,830 --> 00:00:45,520

of this world

21

00:00:49,990 --> 00:00:47,840

because it lights up the sky you have so

22

00:00:51,029 --> 00:00:50,000

many people that are excited

23

00:00:52,069 --> 00:00:51,039

for it

24

00:00:53,110 --> 00:00:52,079

they

25

00:00:55,510 --> 00:00:53,120

just get

26

00:00:58,790 --> 00:00:55,520

out of his world they go crazy they clap

27

00:01:00,229 --> 00:00:58,800

they scream they jump up and down and i

28

00:01:02,229 --> 00:01:00,239

think it's something that everybody

29

00:01:04,149 --> 00:01:02,239

should come see at least for the last

30

00:01:06,390 --> 00:01:04,159

couple launches that we're going to have

31

00:01:07,910 --> 00:01:06,400

we might have one in june we're hoping

32

00:01:09,830 --> 00:01:07,920

we do and if you do that will be the

33

00:01:12,149 --> 00:01:09,840

last one and you need to see

34

00:01:13,750 --> 00:01:12,159

that launch whatever it is stop
