

An American Treasure Shuttle

1
00:00:06,110 --> 00:00:02,919
I'm kenton bush I currently work for the

2
00:00:07,490 --> 00:00:06,120
Commercial Crew planning office the new

3
00:00:09,680 --> 00:00:07,500
program that's going to be started you

4
00:00:13,100 --> 00:00:09,690
know hopefully starting out after

5
00:00:15,350 --> 00:00:13,110
October and I used to work for shuttle

6
00:00:18,380 --> 00:00:15,360
for many many years had so many great

7
00:00:21,080 --> 00:00:18,390
memories my last job was endeavor flow

8
00:00:23,570 --> 00:00:21,090
director but before that I worked at ETS

9
00:00:25,730 --> 00:00:23,580
RB operations and I also worked as an

10
00:00:28,550 --> 00:00:25,740
engineer in the external tank mechanical

11
00:00:30,650 --> 00:00:28,560
systems division so and a NASA test

12
00:00:32,749 --> 00:00:30,660
director as well so I've had many many

13
00:00:35,690 --> 00:00:32,759

great positions working with shuttle

14

00:00:38,020 --> 00:00:35,700

shuttle operations primarily I almost

15

00:00:40,700 --> 00:00:38,030

have a hard time picking just one

16

00:00:45,049 --> 00:00:40,710

probably the Endeavour flow director

17

00:00:48,440 --> 00:00:45,059

that first launch sts 123 it just you

18

00:00:50,750 --> 00:00:48,450

know I was up on the top row and the LCC

19

00:00:52,490 --> 00:00:50,760

and you know we put a lot of work into

20

00:00:54,500 --> 00:00:52,500

that particular processing flow

21

00:00:57,799 --> 00:00:54,510

everything went so perfectly well and

22

00:01:00,500 --> 00:00:57,809

then to watch that launch go from that

23

00:01:02,420 --> 00:01:00,510

view and then have my tie cut and then

24

00:01:05,000 --> 00:01:02,430

meet some of the astronaut crew families

25

00:01:07,310 --> 00:01:05,010

after that launch and you know we talked

26

00:01:10,280 --> 00:01:07,320

to some of the husbands and wives and

27

00:01:12,289 --> 00:01:10,290

daughters and sons and I mean I was

28

00:01:15,340 --> 00:01:12,299

welled up you know just a very special

29

00:01:18,830 --> 00:01:15,350

moment every position that I've ever had

30

00:01:20,840 --> 00:01:18,840

the people and the team that that was

31

00:01:22,249 --> 00:01:20,850

there with us you know we all came

32

00:01:25,130 --> 00:01:22,259

together it didn't matter what your

33

00:01:27,710 --> 00:01:25,140

badge was we worked together and we got

34

00:01:29,690 --> 00:01:27,720

the job done and so just so many good

35

00:01:31,640 --> 00:01:29,700

memories with the people in the hearts
