

1
00:00:03,830 --> 00:00:02,149
I'm Timmy Agnes and I work for ready

2
00:00:06,260 --> 00:00:03,840
critique and i've been here since two

3
00:00:08,480 --> 00:00:06,270
thousand the first night launch have

4
00:00:11,810 --> 00:00:08,490
brought my mom and dad out here to watch

5
00:00:13,700 --> 00:00:11,820
when i first come to work KSC he worked

6
00:00:19,040 --> 00:00:13,710
out here as a buller mechanic operator

7
00:00:21,200 --> 00:00:19,050
over 25 years ago and we walked right by

8
00:00:24,200 --> 00:00:21,210
the building and he says i can remember

9
00:00:26,810 --> 00:00:24,210
the VAB but he don't remember that stuff

10
00:00:29,000 --> 00:00:26,820
now but he was very excited about

11
00:00:32,179 --> 00:00:29,010
getting to come back out here and see

12
00:00:33,979 --> 00:00:32,189
the center and I can remember when I was

13
00:00:36,260 --> 00:00:33,989

a kid that we come out here from school

14

00:00:38,180 --> 00:00:36,270

and we get in the school bus and they

15

00:00:40,190 --> 00:00:38,190

bring us all the way up to the Vav there

16

00:00:42,530 --> 00:00:40,200

was a viewing room to the back of me and

17

00:00:44,569 --> 00:00:42,540

you would go stand in that viewing room

18

00:00:48,049 --> 00:00:44,579

and watch everybody work here in the

19

00:00:50,180 --> 00:00:48,059

building and it's kind of sad that it's

20

00:00:52,549 --> 00:00:50,190

all going to go away but hopefully it

21

00:00:56,750 --> 00:00:52,559

won't go away the memories will still be

22

00:01:00,650 --> 00:00:56,760

here is an honor it was an honor to sign

23

00:01:02,720 --> 00:01:00,660

the wall maybe we come back do it again
