

1

00:00:26,800 --> 00:00:31,930

Listen up listen up shuttle history is fun Are you ready for the Countdown 5?..4?.3?2..1

2

00:00:31,930 --> 00:00:36,630

C'mon let's see Space shuttle history Columbia, Challenger, and Discovery

3

00:00:36,630 --> 00:00:41,500

Built next was Atlantis fourth in the fleet Then Endeavour named by kids just like you and me

4

00:00:41,500 --> 00:00:46,080

CHORUS: N.A.S.A. exploring space today Mission 1?2?3 we're on our way

5

00:00:46,080 --> 00:00:50,900

30 years shuttles launch what a site to see Inspiring the world helping you and me

6

00:00:50,900 --> 00:00:55,520

VERSE: Let's take it back to the year 1981 The Space Shuttle Program had just begun

7

00:00:55,520 --> 00:01:00,230

2 astronauts named Crippen and Young Thought that outer space was so much fun

8

00:01:00,230 --> 00:01:05,750

Said the first American woman beaming with pride In 1983 was Ms. Sally Ride?Ms. Sally Ride (in background)

9

00:01:05,750 --> 00:01:09,960

First black man in space the same year Guy Bluford's dream had just become clear

10

00:01:09,960 --> 00:01:14,640

First teacher to leave a noble legacy Mrs. McAuliffe launched and made history

11

00:01:14,640 --> 00:01:19,370

First Hispanic in space in 1986 Dr. Chang Diaz was an excellent pick

12

00:01:19,370 --> 00:01:28,840

Shuttles launched Hubble, Satellites, even a ROBONAUT This vehicle launched Chandra and hundreds of ast

13

00:01:28,840 --> 00:01:33,610

CHORUS: N.A.S.A. exploring space today Mission 1?2?3 we're on our way

14

00:01:33,610 --> 00:01:40,290

30 years shuttles launch what a site to see Inspiring the world helping you and me

15

00:01:40,290 --> 00:01:45,600

VERSE: O.K. In 1998, the space station began Built piece by piece, the shuttle's final plan

16

00:01:45,600 --> 00:01:50,330

Astronauts live, sleep, work, and eat Foreign partners come aboard they're excited to meet

17

00:01:50,330 --> 00:01:55,150

Shuttles launched over 3 million pounds of cargo Over 600 astronauts how many do you know?

18

00:01:55,150 --> 00:01:59,820

Working in space you should try it sometime Future astronauts, listen to my rhymes

19

00:01:59,820 --> 00:02:04,610

Work hard and believe you are second to none Education is key knowledge free for everyone

20

00:02:04,610 --> 00:02:09,190

CHORUS: N.A.S.A. exploring space today Mission 1?2?3 we're on our way

21

00:02:09,190 --> 00:02:14,110

30 years shuttles launch what a site to see Inspiring the world helping you and me
