

04:00

1
00:00:07,670 --> 00:00:03,350
this is Delta launch control t-minus

2
00:00:09,650 --> 00:00:07,680
four minutes and holding our United

3
00:00:14,619 --> 00:00:09,660
Launch Alliance launch director Don

4
00:00:21,850 --> 00:00:14,629
Malin has just bolt his team there go

5
00:00:27,020 --> 00:00:21,860
drop to go DEA go mea go eea go baby go

6
00:00:33,349 --> 00:00:27,030
sem come that's why yes yeah fac go atc

7
00:00:41,270 --> 00:00:33,359
three go NSC go timer go hy go FMA ready

8
00:00:45,579 --> 00:00:41,280
SSC go SSP go tm1 go TM to go de go ATC

9
00:00:48,770 --> 00:00:45,589
to go BAC go awesome go faça ready go

10
00:00:54,290 --> 00:00:48,780
ge-go RC range weather and clear to

11
00:00:58,009 --> 00:00:54,300
proceed go NASA TM go uso go AC AC is go

12
00:01:01,849 --> 00:00:58,019
lush director LD is go wester range

13
00:01:03,739 --> 00:01:01,859

reports that they are clear to launch we

14

00:01:06,230 --> 00:01:03,749

have no launch vehicle or spacecraft

15

00:01:11,090 --> 00:01:06,240

issues spacecraft is now configured for

16

00:01:16,609 --> 00:01:11,100

launch weather is go upper level winds

17

00:01:20,810 --> 00:01:16,619

reported go spacecraft is configured for

18

00:01:22,969 --> 00:01:20,820

launch Roger LC this is LD you have
