

1

00:00:01,040 --> 00:00:03,250

George Diller/NASA Launch Commentator: T minus 10... nine... eight...

2

00:00:03,250 --> 00:00:15,350

seven... six... five... four... three... two... one... zero... and launch of the SpaceX

3

00:00:15,350 --> 00:00:21,550

Falcon 9 rocket as NASA turns to the private sector to re-supply the International

4

00:00:21,550 --> 00:00:22,930

Space Station.

5

00:00:22,930 --> 00:00:35,430

(rumbling)

6

00:00:35,430 --> 00:00:39,800

SpaceX Controller: Starting gravity turn...

7

00:00:39,800 --> 00:00:50,750

SpaceX Controller: First stage engines at full power... looking good...

8

00:00:50,750 --> 00:01:02,890

SpaceX Controller: (inaudible) Power systems are nominal...

9

00:01:02,890 --> 00:01:09,450

SpaceX Controller: First stage propellant utilization is active...

10

00:01:09,450 --> 00:01:15,520

SpaceX Controller: Vehicle is on a nominal trajectory...altitude 5.3 kilometers...velocity 225 meters per second.

11

00:01:15,520 --> 00:01:22,820

and downrange distance sixth-tenths of a kilometer...

12

00:01:22,820 --> 00:01:35,010

SpaceX Controller: Vehicle is supersonic...
