

1

00:00:06,070 --> 00:00:22,210

ULA Launch Conductor Larry Crass: Release

2

00:00:22,210 --> 00:00:25,390

Tracy Young/NASA Launch Commentator: Liftoff of the Atlas V rocket and twin spacecraft on a

3

00:00:25,390 --> 00:00:40,200

mission to unlock the mysteries of Earth and Van Allen Belt.

4

00:00:40,200 --> 00:00:42,870

Marty Malinowski/NASA Flight Telemetry Engineer: Booster engines continue to perform well.

5

00:00:42,870 --> 00:01:01,930

Top speeds within the parameters (inaudible) pressures are stable.

6

00:01:01,930 --> 00:01:10,320

(Inaudible) . . . and we throttle back.

7

00:01:10,320 --> 00:01:17,980

Correction, we did not throttle back (Inaudible) . . . program was complete

8

00:01:17,980 --> 00:01:30,340

Coming up on Max-Q (Inaudible) Max-Q

9

00:01:30,340 --> 00:01:43,970

Booster engines continue to operate nominally. Max-Q

10

00:01:43,970 --> 00:01:49,510

The vehicle continues to fly well (Inaudible)
