

1

00:00:00,680 --> 00:00:02,930

Charlie Bolden/NASA Administrator: Hello there team, this is Charlie Bolden.

2

00:00:02,930 --> 00:00:07,479

I just wanted to take a moment to thank everybody.

3

00:00:07,479 --> 00:00:14,550

You know all day we've been saying go Atlas, go Centaur, go MAVEN and that's for a reason.

4

00:00:14,550 --> 00:00:22,050

It's because this is the effort of a really tight team that's been working pretty hard.

5

00:00:22,050 --> 00:00:27,480

One thing I will tell you is that I would hope that this mission will be a model for

6

00:00:27,480 --> 00:00:28,910

the ones that come after it.

7

00:00:28,910 --> 00:00:32,529

You know they say imitation is the grandest form of flattery.

8

00:00:32,529 --> 00:00:37,760

And I think the best way we can pay tribute to you is to have other missions come in cost

9

00:00:37,760 --> 00:00:41,810

and on schedule the way that you all have done because that's what's going to make people

10

00:00:41,810 --> 00:00:46,450

have faith in us and believe what we say when we talk about doing even grander things like

11

00:00:46,450 --> 00:00:48,380

putting humans on Mars.

12

00:00:48,380 --> 00:00:52,200

But again you all have done an absolutely  
incredible job.

13

00:00:52,200 --> 00:00:53,640

Let me thank everybody.

14

00:00:53,640 --> 00:00:58,660

I'll let you go back to work so you can finally  
get home to your family, hopefully.
