

Kennedy Space Center's

SPACEPORT MAGAZINE

1

00:00:00,300 --> 00:00:04,860

Hey, I'm NASA Kennedy's Gioia Massa taking you Inside KSC!

2

00:00:06,640 --> 00:00:11,000

The Morpheus project team is back at Kennedy and for the next round of tests.

3

00:00:11,370 --> 00:00:16,830

The experimental, unmanned lander will use an updated automated guidance system building

4

00:00:16,830 --> 00:00:19,770

on the success of last year's free flights.

5

00:00:20,650 --> 00:00:25,670

The Ground Systems Development and Operations recovery team from Kennedy loaded its specialized

6

00:00:25,670 --> 00:00:31,350

gear onto a pair of ships as final preparations move ahead for the Orion launch December 4.

7

00:00:32,199 --> 00:00:36,960

Engineers from Kennedy, other NASA centers and Lockheed Martin will work with the U.S.

8

00:00:36,960 --> 00:00:42,440

Navy and their divers to retrieve the uncrewed spacecraft from the ocean after its first

9

00:00:42,440 --> 00:00:44,720

flight test, a four-hour mission.

10

00:00:46,510 --> 00:00:50,809

Be sure to keep an eye out as numerous bird species are returning to Kennedy for this

11

00:00:50,809 --> 00:00:52,030

year's annual migration!
