CHRIS: Hi, I'm Chris Hummel of the Kennedy Space Center, taking you Inside KSC!

2

00:00:06,750 --> 00:00:11,039

NASA's Commercial Crew Program and its partners are targeting 2017 as the year that privately-

3

00:00:11,039 --> 00:00:13,719

owned and -operated spacecraft will first carry astronauts to

4

00:00:13,720 --> 00:00:15,380

the International Space Station.

5

00:00:15,380 --> 00:00:21,900

KATHY LUEDERS: "I know that one day soon we will be flying our crews from Florida to

6

00:00:22,359 --> 00:00:26,150

the International Space Station. ... I can't wait for that day."

7

00:00:26,150 --> 00:00:31,130

CHRIS: CCP, based at Kennedy, will oversee Boeing and SpaceX during the upcoming critical

8

00:00:31,130 --> 00:00:33,790

build and test phases for their respective spacecraft.

9

00:00:34,840 --> 00:00:39,309
