

KENNEDY SPACE CENTER'S

# SPACEPORT

magazine

EARTH RIGHT NOW

1

00:00:00,350 --> 00:00:07,279

HOST: Hey, I'm NASA Kennedy's Trent Smith,  
taking you Inside KSC!

2

00:00:07,279 --> 00:00:10,210

Kennedy Space Center was Administrator Charles  
Bolden's chosen venue

3

00:00:10,210 --> 00:00:13,030

for his State of NASA speech and the unveiling  
of the

4

00:00:13,030 --> 00:00:17,450

President's \$18.5 billion budget request for  
the agency;

5

00:00:17,450 --> 00:00:19,230

two-and-a-half-billion would come to KSC.

6

00:00:19,230 --> 00:00:24,490

BOLDEN: It is here that so many giant leaps  
have been made.

7

00:00:24,490 --> 00:00:30,029

But what's really important is that it is  
here that many of our future dreams

8

00:00:30,029 --> 00:00:31,470

will be made to come true.

9

00:00:31,470 --> 00:00:34,100

CABANA: This is truly an exciting time  
for NASA,

10

00:00:34,100 --> 00:00:37,149

the Kennedy Space Center and for our country.

11

00:00:37,149 --> 00:00:41,489

HOST: After its sendoff by Launch Services

on January 31,

12

00:00:41,489 --> 00:00:45,479

SMAP's 20-foot antenna continues its multi-stage deployment.

13

00:00:45,479 --> 00:00:52,149

And, next up, NOAA's new space weather-warning spacecraft, DSCOVR.
