

KENNEDY SPACE CENTER'S

SPACEPORT

magazine

1

00:00:00,179 --> 00:00:05,099

Hey, I'm NASA Kennedy's Rich Johanboeke taking you Inside KSC.

2

00:00:06,840 --> 00:00:13,120

The heat shield that insulated Orion from the searing heat of reentry during its December flight test arrived at Marshall Spaceflight

3

00:00:13,120 --> 00:00:17,040

Center in Alabama for more testing following a trip from Kennedy.

4

00:00:17,420 --> 00:00:22,010

Engineers have been reviewing data and systems on the deep-space exploration Orion since

5

00:00:22,010 --> 00:00:25,650

it returned in December from its flawless first flight.

6

00:00:25,880 --> 00:00:30,320

SpaceX is deep into construction of a new horizontal integration facility at Launch

7

00:00:30,320 --> 00:00:32,120

Complex 39A.

8

00:00:32,260 --> 00:00:37,460

The structure will be used to process Falcon 9 rockets and Crew Dragon spacecraft for Commercial

9

00:00:37,460 --> 00:00:38,640

Crew flights.

10

00:00:38,640 --> 00:00:43,240

The pad facilities also will be used for launches using the Falcon Heavy rocket.
