Crawler-Transporter 2 Updates

1

00:00:00,320 --> 00:00:07,080

Hey, I'm NASA Kennedy's Welmon Speed, taking you Inside KSC!

2

00:00:07,080 --> 00:00:12,740

Work to upgrade NASA's crawler-transporter 2, or CT-2, continues in the Vehicle Assembly

3

00:00:12,740 --> 00:00:14,599

Building at Kennedy Space Center.

4

00:00:14,599 --> 00:00:19,750

When it is completed, the crawler will be able to handle the additional load of NASA's

5

00:00:19,750 --> 00:00:24,939

Space Launch System and Orion spacecraft atop the new mobile launcher on its way to the

6

00:00:24,939 --> 00:00:26,390

launch pad.

7

00:00:26,390 --> 00:00:31,680

NASA's Hubble Space Telescope recently sent back evidence of an underground saltwater

8

00:00:31,680 --> 00:00:35,680

ocean on Ganymede, Jupiter's largest moon.

9

00:00:35,680 --> 00:00:40,670

The telescope was processed at Kennedy Space Center and launched aboard space shuttle Discovery

10

00:00:40,670 --> 00:00:43,100

on April 24, 1990.

11

00:00:43,100 --> 00:00:49,260

For nearly 25 years, Hubble has continuously sent back remarkable images of our universe

12

00:00:49,260 --> 00:00:53,200

and our own Milky Way Galaxy.
