

KENNEDY SPACE CENTER'S

SPACEPORT

magazine

1
00:00:00,229 --> 00:00:02,649
Hey, I'm NASA Kennedy's Yves Lamothe

2
00:00:02,649 --> 00:00:06,990
taking you Inside KSC.

3
00:00:06,990 --> 00:00:09,360
The sixth cargo resupply mission by SpaceX

4
00:00:09,360 --> 00:00:12,139
to the International Space Station is approaching

5
00:00:12,139 --> 00:00:13,659
its launch time.

6
00:00:13,659 --> 00:00:17,039
CRS-6 will see a SpaceX Dragon spacecraft
carry

7
00:00:17,039 --> 00:00:19,609
new experiments, fresh supplies

8
00:00:19,609 --> 00:00:21,339
and more equipment to the orbiting

9
00:00:21,339 --> 00:00:23,869
laboratory from Florida.

10
00:00:23,869 --> 00:00:25,650
One of the workhorse crawler-transporters

11
00:00:25,650 --> 00:00:29,130
at Kennedy continues to receive major upgrades

12
00:00:29,130 --> 00:00:32,410
to handle the load of carrying future rockets
to the pad

13

00:00:32,410 --> 00:00:35,489

for NASA's Journeys to Mars in the future.

14

00:00:35,489 --> 00:00:37,789

CT-2 is getting new gear assemblies

15

00:00:37,789 --> 00:00:39,899

as part of ongoing work to modify

16

00:00:39,899 --> 00:00:42,890

the massive vehicle so it can safely move

17

00:00:42,890 --> 00:00:44,969

the Space Launch System rocket which

18

00:00:44,969 --> 00:00:49,059

is to be heavier than the Saturn V or space shuttles.
