

1  
00:00:00,370 --> 00:00:01,740  
Hey, I'm NASA Kennedy's

2  
00:00:01,740 --> 00:00:02,500  
Becky Lewis,

3  
00:00:02,500 --> 00:00:05,600  
and I'm taking you Inside KSC!

4  
00:00:08,620 --> 00:00:10,480  
Two locomotives used at Kennedy

5  
00:00:10,480 --> 00:00:12,830  
to haul Solid Rocket Booster segments,

6  
00:00:12,830 --> 00:00:14,349  
flight hardware and ground support

7  
00:00:14,349 --> 00:00:16,059  
equipment for the space shuttle

8  
00:00:16,059 --> 00:00:17,610  
are beginning new work on commercial

9  
00:00:17,610 --> 00:00:19,170  
railroads in America.

10  
00:00:19,170 --> 00:00:21,040  
The two engines were moved recently to

11  
00:00:21,040 --> 00:00:22,740  
Louisiana and Indiana

12  
00:00:22,740 --> 00:00:23,470  
where they will perform

13  
00:00:23,470 --> 00:00:25,920

hauling duties on short line railroads.

14

00:00:25,920 --> 00:00:28,470

A third locomotive went to Gold Coast

15

00:00:28,470 --> 00:00:31,190

Railroad Museum in Miami last year

16

00:00:31,190 --> 00:00:34,350

and has entered service for the museum.

17

00:00:34,350 --> 00:00:36,089

The National Space Club honored

18

00:00:36,089 --> 00:00:38,440

Amanda Mitskevich this week for her

19

00:00:38,440 --> 00:00:39,789

dedication and service to

20

00:00:39,789 --> 00:00:41,670

NASA and KSC.

21

00:00:41,670 --> 00:00:43,010

As manager of NASA's

22

00:00:43,010 --> 00:00:45,089

Launch Services Program,

23

00:00:45,089 --> 00:00:47,210

Mitskevich oversees the procurement,

24

00:00:47,210 --> 00:00:48,929

processing and development

25

00:00:48,929 --> 00:00:49,370

of all the

26

00:00:49,370 --> 00:00:50,789

rockets that send NASA's

27

00:00:50,789 --> 00:00:51,920

scientific payloads

28

00:00:51,920 --> 00:00:55,069

into orbit and to distant worlds.

29

00:00:55,069 --> 00:00:55,870

And remember,
