

1
00:00:00,190 --> 00:00:03,000
Hey I'm NASA Kennedy's Rosaly Santos-Ebaugh,

2
00:00:03,000 --> 00:00:06,950
Taking you Inside KSC!

3
00:00:06,950 --> 00:00:11,879
The careers of four shuttle-era astronauts
were celebrated May 30

4
00:00:11,879 --> 00:00:16,950
with the induction of the Class of 2015 into
the Astronaut Hall of Fame.

5
00:00:16,950 --> 00:00:21,870
John Grunsfeld, Steve Lindsey, Kent Rominger
and Rhea Seddon

6
00:00:21,870 --> 00:00:27,250
were added to the Hall's role of honor, bringing
the total number of space explorers

7
00:00:27,250 --> 00:00:29,570
inducted there to 91 all-time.

8
00:00:30,200 --> 00:00:36,679
The 20 square-foot Multi-Payload Processing
Facility in KSC's Industrial Area

9
00:00:36,679 --> 00:00:43,100
has been modified so engineers and technicians
can get access to the Orion systems they need.

10
00:00:43,100 --> 00:00:50,149
The facility was built in 1995 for payload
servicing and is outfitted with a 20-ton overhead

11
00:00:50,149 --> 00:00:51,129
crane.

12

00:00:51,129 --> 00:00:57,620

Its job during Orion will be to fuel the deep space vehicle with propellants and other chemicals

13

00:00:57,620 --> 00:01:00,819

necessary for the spacecraft to maneuver and operate.
