

Beam Section Arrives for 9/11 Memorial

1

00:00:00,380 --> 00:00:07,630

Hi I'm Justin Treptow of Kennedy Space Center,
lets' go inside KSC.

2

00:00:07,630 --> 00:00:12,080

The Cygnus pressurized cargo module arrived
at Kennedy to begin launch processing inside

3

00:00:12,080 --> 00:00:14,470

the Space Station Processing Facility.

4

00:00:14,470 --> 00:00:18,460

Orbital ATK will use the Cygnus to deliver
experiments and supplies to the International

5

00:00:18,460 --> 00:00:19,710

Space Station in December.

6

00:00:19,710 --> 00:00:23,149

It will launch
aboard an Atlas V rocket.

7

00:00:23,149 --> 00:00:27,399

A 7-foot-long section of steel I-beam from
the World Trade Center arrived at Kennedy

8

00:00:27,399 --> 00:00:33,270

where it will take a place of honor at a memorial
at Fire Station 1 for the 343 first responders

9

00:00:33,270 --> 00:00:38,750

who lost their lives in the line of duty during
the Sept. 11, 2001, terror attacks.

10

00:00:38,750 --> 00:00:42,120

The memorial will be dedicated during a ceremony
Sept. 11.
