

KENNEDY SPACE

7MA2

1

00:00:00,340 --> 00:00:02,800

Hi my name is Portia Evans of Kennedy Space Center,

2

00:00:02,800 --> 00:00:05,240

let's go inside KSC!

3

00:00:07,300 --> 00:00:10,050

Firefighters and officials from around the Space Coast

4

00:00:10,050 --> 00:00:14,250

dedicated a beam from New York's World Trade Center towers

5

00:00:14,250 --> 00:00:20,670

during a service at Kennedy marking the 14th anniversary of the 9-11 attacks.

6

00:00:20,670 --> 00:00:23,070

The beam is part of the World Trade Center memorial

7

00:00:23,070 --> 00:00:29,279

at Fire Station 1 honoring the memories of the 343 first responders

8

00:00:29,279 --> 00:00:32,730

to the attacks that cost about 3,000 souls.

9

00:00:32,730 --> 00:00:37,899

New photos from SpaceX show what the interior of the Crew Dragon

10

00:00:37,899 --> 00:00:44,290

will look like as astronauts fly inside the next generation of human-rated spacecraft.

11

00:00:44,290 --> 00:00:48,579

The company, working with NASA's Commercial Crew Program in development,

12

00:00:48,579 --> 00:00:53,430

placed a premium on an efficient look that takes advantage of technologies

13

00:00:53,430 --> 00:00:58,350

not available when earlier spacecraft carrying crews were designed.
