

BUILT COMPONENTS

1
00:00:22,979 --> 00:00:19,740
January 2014 and the birth of Firefly

2
00:00:26,960 --> 00:00:22,989
space systems our mission to change the

3
00:00:30,540 --> 00:00:26,970
game for access to low Earth orbit in

4
00:00:32,880 --> 00:00:30,550
just 20 months Firefly has completed key

5
00:00:34,740 --> 00:00:32,890
design reviews for our alpha launch

6
00:00:36,900 --> 00:00:34,750
vehicle and built many of the key

7
00:00:42,029 --> 00:00:36,910
components such as avionics and

8
00:00:43,950 --> 00:00:42,039
composite tanks we have designed and

9
00:00:47,900 --> 00:00:43,960
manufactured engines and built our

10
00:00:50,570 --> 00:00:47,910
20,000 square-foot R&D facility

11
00:00:54,680 --> 00:00:50,580
we have completed our first test in on

12
00:01:01,310 --> 00:00:54,690
our 200-acre test site and hopf fired

13
00:01:07,390 --> 00:01:04,189

five I will launch NASA spacecraft to

14

00:01:11,020 --> 00:01:07,400

low-earth orbit in March the 2018
