

1

00:00:00,459 --> 00:00:07,620

Hi I'm NASA Kennedy's Katie Frakes and I'm taking you Inside KSC.

2

00:00:07,620 --> 00:00:08,620

Saddle up!

3

00:00:08,620 --> 00:00:13,450

A forklift rodeo was one of the highlights during Jacobs' Safety Week recently.

4

00:00:13,450 --> 00:00:19,019

The competition consisted of skills challenges such as forklifts being driven through obstacle

5

00:00:19,019 --> 00:00:22,269

courses and a "hot shot" basketball challenge.

6

00:00:22,269 --> 00:00:26,319

Jacobs is the prime contractor for NASA's Test and Operations Support Contract (TOSC)

7

00:00:26,319 --> 00:00:27,919

at the spaceport.

8

00:00:27,919 --> 00:00:33,149

Safety Week is an annual, companywide activity to stress safety activities designed to be

9

00:00:33,149 --> 00:00:37,929

fun, but the overall message is to take safety seriously.

10

00:00:37,929 --> 00:00:43,890

Make plans to attend NASA's Seventh Annual Robotic Mining Competition from Monday, May

11

00:00:43,890 --> 00:00:48,489

16, to Friday, May 20 at the Kennedy Space

Center Visitor Complex.

12

00:00:48,489 --> 00:00:54,749

Schools from across the nation will compete
in the five-day, collegiate-level mining competition.

13

00:00:54,749 --> 00:01:00,690

The technologies developed here will further
our exploration potential to Mars and beyond.
