

Kennedy Team Takes Part in SWAT Roundup

1

00:00:00,390 --> 00:00:05,589

Hey I'm NASA Kennedy's Roger Langevin, taking you Inside KSC!

2

00:00:07,200 --> 00:00:11,620

The adapter ring that will connect the Orion spacecraft with its service module for Exploration

3

00:00:11,630 --> 00:00:14,660

Mission-1 is undergoing secondary structure outfitting.

4

00:00:14,660 --> 00:00:19,220

NASA's Orion spacecraft is being built to take astronauts on deep space missions.

5

00:00:19,220 --> 00:00:23,740

It will fly EM-1 without a crew on a flight test in late 2018.

6

00:00:26,010 --> 00:00:32,750

The Emergency Response Team from Kennedy recently took part in the 34th annual SWAT Roundup in Orlando.

7

00:00:32,750 --> 00:00:37,039

The team was one of dozens of similar units from around the world that participated in

8

00:00:37,039 --> 00:00:42,619

the competition that showcases skills in responding to numerous emergency situations.
