Hi, my name is Dr. Janine Captain, and I am
a chemist with Kennedy Space Center's Exploration

2
00:00:11,110 --> 00:00:12,830

Research and Technology Programs.

3
00:00:12,830 --> 00:00:18,730

I'm excited to be apart of the space program
by identifying the resources on the moon that

4
00:00:18,730 --> 00:00:22,610

can enable further exploration and habitation
beyond our home planet.

5
00:00:22,610 --> 00:00:28,290

I enjoy working with a unique team across
numerous NASA centers to build hardware that

6
00:00:28,290 --> 00:00:32,400

will one day be on the moon that I look up
to in the night sky.

7
00:00:32,400 --> 00:00:37,820

My advice to students is to not be afraid
to fail, but fail smart.

8
00:00:37,820 --> 00:00:42,250

Innovating and pushing the boundaries means
you have a lot of learning to do and I have
