

1  
00:00:00,220 --> 00:00:01,920  
Hey, I'm NASA Kennedy's Steve Siceloff,

2  
00:00:01,920 --> 00:00:03,760  
taking you Inside KSC!

3  
00:00:06,520 --> 00:00:09,630  
Vice President Mike Pence visited Kennedy  
Space Center this week to see

4  
00:00:09,630 --> 00:00:14,200  
firsthand how the launch and processing site  
has evolved in partnership with private

5  
00:00:14,200 --> 00:00:16,250  
aerospace industry.

6  
00:00:16,250 --> 00:00:20,140  
Speaking to the Kennedy workforce inside the  
Vehicle Assembly Building, Pence

7  
00:00:20,140 --> 00:00:24,390  
praised NASA's leadership in helping usher  
in a new generation of space exploration

8  
00:00:24,390 --> 00:00:27,079  
that will be open to more people than ever  
before.

9  
00:00:27,079 --> 00:00:30,939  
Vice President: Kennedy Space center has proved  
that public and private sectors can

10  
00:00:30,939 --> 00:00:35,200  
achieve more by working together than they  
could ever achieve apart.

11  
00:00:35,200 --> 00:00:38,660  
Pence toured Kennedy's unique facilities including

the Operations and

12

00:00:38,660 --> 00:00:43,260

Checkout Building where Orion is being assembled for a flight test in 2019.

13

00:00:43,260 --> 00:00:47,090

He also saw the launch pads and processing halls that have been remade to host a new

14

00:00:47,090 --> 00:00:51,570

generation of spacecraft that will begin flying astronauts to the International Space

15

00:00:51,570 --> 00:00:53,390

Station next year.
